Discover *how to make the most of your health coverage*

Use these tips and tools to put your health coverage to work for you!

Use your prescription coverage

Make sure your doctor prescribes you medicine on the Health Net Essential Rx Drug List. Then, use pharmacies in your health plan's network. (Your doctor should get prior approval from Health Net before prescribing some drugs.) To find a pharmacy, go to www.myhealthnetca.com, select *Pharmacy Information*, then *Find a Pharmacy*. Your plan uses the Standard Pharmacy Network. Refer to the *Plan Contract and Evidence of Coverage* included in this Welcome Kit for info you'll need about prescription drugs.

Understand your costs

You pay a portion of the costs when you use covered services. Copayments, coinsurance and deductibles are different types of out-of-pocket costs. The amount you pay depends on the health plan you have. Find details about your share of costs in the *Plan Contract and Evidence of Coverage* included in this Welcome Kit.

Find support for healthy habits

Get on track for good with our one-on-one, over-the-phone coaching sessions. Quit For Life[®] helps smokers kick the habit. And our health coaches can help you with your weight and fitness goals. You can even track your progress online! Log in to your account at www.myhealthnetca.com and click on *Wellness Center*.

Use Active&Fit Direct[™]

Your health plan comes with Active&Fit Direct² – fitness center memberships for less! For just \$25 a month (plus a \$25 enrollment fee and applicable taxes), you can choose from 9,600+ participating centers and YMCAs nationwide. Log in to your account at www.myhealthnetca.com and click on *Wellness Center*.

Lean on myStrength

\$50

A gift for investing in your health

Complete a Health Risk Questionnaire (HRQ) in 2019, schedule your annual preventive care physical exam and share your HRQ report with your PCP. After the PCP visit, log back in to your online account and click on the link that confirms you've shared your results with your PCP. Then we'll send you a \$50 gift certificate, valid with hundreds of popular retailers!

²Members must be 18 or older to participate. There is a 3-month commitment required. The Active&Fit Direct Program is provided by American Specialty Health Fitness, Inc., a subsidiary of American Specialty Health Incorporated (ASH). The Active&Fit logo is a trademark of ASH and used with permission.

Maintain *your health coverage by paying your premium every month*

Your premium (or your bill) is the amount of money you pay each month for your health coverage. There are lots of ways to pay your premium. Just make sure you pay **before** the first day of every month to keep your health coverage active. There are several ways to pay. So choose the premium payment method that works for you!

Questions and answers

What is a copayment?	Your share of the costs of a covered health care service, set at a fixed amount. For a doctor visit that might cost \$150, you might pay \$15 and the health plan pays the rest. Copayments vary by health plan.
What is coinsurance?	Your share of the costs of a covered health care service. It is calculated as a percentage. Let's say the coinsurance is 20% and the medical bill is \$100. You would pay \$20, and the health plan would pay the rest.
What is a deductible?	The amount you owe for some covered services before your health plan begins to pay. For example, if your deductible is \$1,000, you must pay for the health care services you use up to this amount. The deductible may not apply to all services.
How much do annual preventive care physical exams cost?	You'll pay \$0 for your annual preventive care physical exam with your PCP.
Why does it matter if I stay in-network?	Use the PureCare One EPO Network for all covered services. Your health plan doesn't cover out-of-network services (except for emergency or urgent care or if Health Net gives approval).
Why should I set up an online Health Net account?	It's a great way to discover what your PureCare One EPO has to offer! Just go to www.myhealthnetca.com and create an account profile. Whenever you log in, you'll be connected to your benefits and the doctor network that comes with your health plan.
