Discover how to make the most of your health coverage

Use these tips and tools to put your health coverage to work for you!

🎉 Use your prescription coverage
Make sure your doctor prescribes you medicine on the Health Net Essential Rx Drug List. Then, use pharmacies in your health plan's network. (Your doctor should get prior approval from Health Net before prescribing some drugs.) To find a pharmacy, go to www.myhealthnetca.com, select Pharmacy Information, then Find a Pharmacy. Your plan uses the Standard Pharmacy Network. Refer to the Plan Contract and Evidence of Coverage included in this Welcome Kit for info you’ll need about prescription drugs.

💰 Understand your costs
You pay a portion of the costs when you use covered services. Copayments, coinsurance and deductibles are different types of out-of-pocket costs. The amount you pay depends on the health plan you have. Find details about your share of costs in the Plan Contract and Evidence of Coverage included in this Welcome Kit.

Questions and answers

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>What is a copayment?</td>
<td>Your share of the costs of a covered health care service, set at a fixed amount. For a doctor visit that might cost $150, you might pay $15 and the health plan pays the rest. Copayments vary by health plan.</td>
</tr>
<tr>
<td>What is coinsurance?</td>
<td>Your share of the costs of a covered health care service. It is calculated as a percentage. Let’s say the coinsurance is 20% and the medical bill is $100. You would pay $20, and the health plan would pay the rest.</td>
</tr>
<tr>
<td>What is a deductible?</td>
<td>The amount you owe for some covered services before your health plan begins to pay. For example, if your deductible is $1,000, you must pay for the health care services you use up to this amount. The deductible may not apply to all services.</td>
</tr>
<tr>
<td>How much do annual preventive care physical exams cost?</td>
<td>You’ll pay $0 for your annual preventive care physical exam with your PCP.</td>
</tr>
<tr>
<td>Why does it matter if I stay in-network?</td>
<td>Use the PureCare One EPO Network for all covered services. Your health plan doesn’t cover out-of-network services (except for emergency or urgent care or if Health Net gives approval).</td>
</tr>
<tr>
<td>Why should I set up an online Health Net account?</td>
<td>It’s a great way to discover what your PureCare One EPO has to offer! Just go to <a href="http://www.myhealthnetca.com">www.myhealthnetca.com</a> and create an account profile. Whenever you log in, you’ll be connected to your benefits and the doctor network that comes with your health plan.</td>
