PURECARE ONE EPO – QUICK START GUIDE

Coverage for every stage of life™
Welcome!

Now that you’re a part of the Health Net family, you’ll want to make the most of all your new health plan has to offer.

For specific plan information please refer to your Policy included in this welcome packet.

Important things you need to know about your health coverage

1 Use the PureCare One EPO Individual & Family Plan provider network.
2 Set up your online member account.
3 Get your identification (ID) card.
4 Know where to get care.
5 Fill your prescriptions.
6 Use our wellness programs to help you stay strong.
7 Pay your monthly premium.
8 Know who to contact.
Use the PureCare One EPO Individual & Family Plan Provider Network

When you need to access care, your plan uses providers from the PureCare One EPO Individual & Family Plan network. These include doctors, specialists and hospitals.

Any services you get from out-of-network providers are not covered (except for emergency or urgent care and services approved by Health Net).

Your primary care physician (PCP)

You may have picked a PCP when you enrolled. If you did not, one was assigned to you from the PureCare One EPO network. Your PCP’s name is listed on your Health Net member ID card. If you want to change your PCP, log in to your member account at myhealthnetca.com (see page 3), then go to Select/Change PCP.

Your PCP helps you stay healthy and takes care of you when you are sick. If you need to see a specialist, your PCP can help guide you, but you do not need a referral from your PCP to see a specialist.

Remember to select specialists from the PureCare One EPO Individual & Family Plan network.

To find providers, visit www.myhealthnetca.com and click on Find a Doctor.
Set Up Your Online Member Account

This site is set up to help you explore your Health Net plan benefits and services.

You will get a Health Net member ID card in the mail if you are a new member or if info about your health coverage has changed.

Your ID card includes:

- Your member ID #.
- Effective date of your health coverage.
- Your PCP name and contact info.

Show this card to your provider when you get services. If you have not received your ID card by your effective date and you need services, please call the Customer Contact Center:

Know Your Benefits and Understand Your Costs

Knowing what your plan covers is important. In addition to your monthly premium, you pay a portion of costs when you use covered services. Copayments, coinsurance and deductibles are different types of out-of-pocket costs. The amount you pay depends on the health plan you have.

Find details about your share of costs in your Policy included in this Welcome Kit. You can also refer to your Summary of Benefits and Coverage (SBC) document. For a copy of your SBC, go to myhealthnetca.com, then under Our Health Plans, select Plan Materials.

Estimate costs and compare care options

Use our cost estimator tool to find out estimated costs for health care services and your out-of-pocket medical expenses. With this tool, you can compare estimated costs to find the best prices. Get estimated average costs for hospital stays, surgeries, X-rays, and more.

To use the tool, log in to your member account at myhealthnetca.com. Click View Benefits, then Estimate Costs and Compare Care Options.
5 Fill Your Prescriptions

Make sure your doctor prescribes you medicine on the Health Net Essential Rx Drug List.

The Essential RX drug list can be found at myhealthnetca.com under the Pharmacy Information section. Please note, your doctor should get prior approval from Health Net before prescribing some drugs. Then, use pharmacies in your health plan’s network – Standard Pharmacy Network.
