# 1 Find Doctors and Facilities in Your Network.

*When you need to access care, your plan uses providers from the **PureCare One EPO Individual & Family Plan network**. These include doctors, specialists and hospitals.*

Any services you get from out-of-network providers are not covered (except for emergency or urgent care and services approved by Health Net).

## **Your primary doctor, also known as a primary care physician**

Every member has a doctor who is their Primary Care Physician (PCP or primary doctor). Your PCP helps you stay healthy and takes care of you when you are sick. If you need to see a specialist, your PCP can help guide you, but you do not need a referral from your PCP to see a specialist.

You may have picked a PCP when you enrolled. If you did not, one was assigned to you from the PureCare One EPO network. Your PCP's name is listed on your Health Net member ID card. If you want to change your PCP, log in to your member account at [myhealthnetca.com](http://myhealthnetca.com) (see page 3), then go to *Select/Change PCP*.

**Don't forget to select specialists from the PureCare One EPO Individual & Family Plan network.**

To find providers, visit [www.myhealthnetca.com](http://www.myhealthnetca.com) and click on *Find a Doctor*.

## 2 Set Up Your Online Member Account

*This site is here to help you understand and manage your Health Net plan.*

To set up your account, go to **myhealthnetca.com** and follow the instructions to register/create an account. You will need your member ID number or your Social Security number to register. Once your account is set up and your health coverage begins, you can:

- **Print a temporary ID card or order a new card.**
- **Pay your bill.**
- **Find a doctor, urgent care or hospital in your network.**
- **Change your primary doctor/ PCP.**
- **Review your health plan and pharmacy benefits.**
- **Find programs to help you manage weight or stop smoking.**
- **And more.**

---

*All new members will get a Health Net member ID card in the mail.*

Your ID card includes:

- **Your member ID #.**

## Understand Your Costs and Benefits

Knowing what your plan covers is important. In addition to your monthly bill (also called a “premium”), you pay a portion of costs when you use covered services. These are called out-of-pocket costs. Your out-of-pocket costs are different depending on which health plan you have.

Find details about your share of out-of-pocket costs including copayments, coinsurance and deductibles in your Policy included in this Welcome Kit. You can also refer to your Summary of Benefits and Coverage (SBC) document. For a copy of your SBC, go to [myhealthnetca.com](http://myhealthnetca.com), then under *Our Health Plans*, select *Plan Materials*.

### Estimate costs and compare care options

Our cost estimator tool lets you compare estimated costs. With this tool you can **compare estimated costs to find the best prices**. Get estimated average costs for hospital stays, surgeries, X-rays and more.

#### To use the tool:

1. Log in to your member account at [myhealthplan.com](http://myhealthplan.com).
2. Click *View Benefits*.
3. Click *Estimate Costs*.
4. Click *Compare Care Options*.

If your doctor refers you to a specialist, make sure the provider is in your network.

# 5 Fill Your Prescriptions

*When your doctor prescribes you medicine (drugs) there are a few things you need to know.*

## Use pharmacies in the network

You must find and use a pharmacy in Health Net's Standard Pharmacy Network in order for your prescription to be covered.

To find a pharmacy in your area:

1. Go to [myhealthnetca.com](http://myhealthnetca.com)
2. Select *Pharmacy Information*, then *Find a Pharmacy*.
3. Select *Standard Pharmacy Network*.

## Refer to the Essential RX Drug List

Health Net's Essential Rx Drug List (or formulary) is a list of covered drugs selected by Health Net, along with a team of health care providers. These drugs are included because they are believed to be a key part of a quality treatment plan. The drug lists are updated regularly and may change.

The Essential RX Drug List can be found at [www.myhealthnetca.com](http://www.myhealthnetca.com) under the Pharmacy Information section. Please note, your doctor should get prior approval from Health Net before prescribing some drugs. Then, use pharmacies in your health plan's network - Standard Pharmacy Network.

**Ask your doctor about generic drugs that may work for you.** Generic drugs are proven to be safe, effective, and typically cost less than brand-name drugs.

**If you take medicine for a long-term medical condition, you may be able to fill your prescription through our mail order pharmacy program. A 90-day supply is available. Some drugs may not be available through the mail order pharmacy program.**

*For more detailed information about prescription drugs, see the Policy in this welcome packet.*
