Self-Referring *Made Easy*

With our PureCare HSP and PureCare One EPO plans

Whether you choose a PureCare HSP plan or a PureCare One EPO plan, we make it simple for you to self-refer to doctors and specialists in our provider networks.

How our HSP and EPO plans work

If you are on the PureCare HSP plan, go directly to any doctor or specialist in the PureCare HSP Network for care. If you are on the PureCare One EPO plan, go directly to any doctor or specialist in the PureCare One EPO Network for care.

You don't have to see your primary care physician (PCP) first or get referrals.

There is no coverage for out-of-network services except for emergency care, urgent care and services approved by Health Net.
