

Your 2018 Health Coverage Tools

3 ways to get fast answers and information

Got questions about your Health Net of California, Inc. or Health Net Life Insurance Company (Health Net) coverage? Here are three tools to help you get answers, and they're available to you anytime day or night.

1. Connect online

Set up your personal online account at www.myhealthnetca.com, and you'll have 24/7 access to your health coverage information.

With an online account, you can print extra ID cards, check your benefits, get health plan materials, and more. Here's how to set up yours:

- Start at www.myhealthnetca.com.
- Click *For Members* and then *Login*.
- Follow the steps for setting up your user name, password and security questions.

2. Download the My Health Net CA mobile app

My Health Net CA brings your Health Net plan coverage info right to your smartphone. When you go mobile, you can:

- Access your ID card, and show it when you get care.
- Look up your doctor's contact information.
- Pay your premium.

Get your My Health Net CA app today at the App Store or Google Play.

Bonus! Use a single login (user name and password) for both your online member account and mobile app.

3. Bookmark Member News

The Member News section of our website gives you news and tips for making the most of your health coverage. Bookmark myhealthnetca.com/news today, and you'll have one-click access to the latest Health Net updates.

Thank you for making Health Net a part of your health coverage team!
