**Amendment to the Health Net of California, Inc.
Individual and Family Plan Contract and Evidence of Coverage
For Off Exchange HMO and HSP plans
Effective April 1, 2020**

Your Individual and Family Plan Contract and Evidence of Coverage (EOC) is amended as set out below, effective April 1, 2020. Please keep this document with your Plan Contract and EOC.

The revised provisions set out below supersede and replace the previous provisions of the same title in the Individual and Family Plan Contract and EOC.

Subscription Charges (Section 200)

- The Subscription Charges section, which is set out below, is revised as follows:

SUBSCRIPTION CHARGES (SECTION 200)

For Subscribers, the first subscription charge payment must be paid to Health Net on or before the Effective Date of this Plan Contract. After that, payment is due on or before the first day of each coverage month (the first of each coverage quarter for quarterly billing) while the Plan Contract is in effect. Subscription charges are payable by the Subscriber and are based on the type of Family Unit and are set out on the Notice of Acceptance. Subscription charges must be paid in advance once a month in full for each member receiving coverage for any portion of the month, including those members whose coverage commences during the month and those members whose coverage terminates during the month. Regarding coverage of newly born or newly adopted children, see the “Newly Acquired Dependents” portion of the “Eligibility, Enrollment and Termination” section.

This Plan Contract may be terminated by Health Net after a 30 day grace period which begins on the first day after the last day of paid coverage. Coverage will continue during the grace period; however, you are still responsible to pay unpaid premiums and any copayments, coinsurance or deductible amounts required under the Plan Contract. Before the 30 day grace period begins, Health Net will send a “Notice of Consequences for Nonpayment of Premiums” that will confirm your premium due date and describe the 30 day grace period.

If you do not pay your subscription charges by the first day of the month for which subscription charges are due, Health Net will send a late payment notice which will provide: (a) dollar amount due which must be paid in full in order to avoid termination of coverage; (b) date of the last day of paid coverage; (c) names of all enrollees affected by the notice; (d) additional information regarding the grace period; (e) consequences of losing coverage for nonpayment of subscription charges; and (e) the date the grace period begins and expires.

If payment is not received by the end of the 30 day grace period, the Plan Contract will be cancelled. Health Net will mail a termination notice that will provide the following information: (a) that the Plan Contract has been cancelled for non-payment of subscription charges; (b) the specific date and time when coverage is terminated for the Subscriber and all Dependents; and (c) your right to submit a grievance.

Health Net will allow one reinstatement during any twelve-month period, if the amounts owed are paid within 15 days of the date the notice confirming your termination is mailed. If you do not obtain reinstatement of the cancelled Plan Contract within the required 15 days or if the Plan Contract has previously been cancelled for non-payment of subscription charges during the previous contract year, then Health Net is not required to

reinstate you and you will need to reapply for coverage. Amounts received after the termination date will be refunded to you by Health Net within 20 business days.

The Subscriber can pay the subscription charges by any one of the following options: monthly automatic deduction from a personal checking account, check, cashier's check, money order, debit card or credit card, or general purpose pre-paid debit card.

Subscription payments by a paper check, cashier's check, or money order should be mailed to:

Health Net
P.O. Box 748705
Los Angeles, CA 90074-8705

Call Health Net's Automated Payment System, **1-800-539-4193**, to make a payment by check, debit card, or credit card, or general purpose pre-paid debit card.

NOTE: This address is for initial application submission:

Health Net Individual and Family Enrollment Unit
P.O. Box 1150
Rancho Cordova, CA 95741-1150

Retroactive adjustments for additions for any Family Members will be made in subsequent billings, but in no event will the effective date be more than 30 days prior to the date Health Net received the written request.

Subscription charges may be changed by Health Net effective January 1st of each year with at least a 60 days written notice to the Subscriber prior to the date of such change. Payment of any installment of subscription charges as altered shall constitute acceptance of this change.

If this Plan Contract is terminated for any reason, the Subscriber shall be liable for all subscription charges for any time this Plan Contract is in force during any notice period.

Payment of Subscription Charges

The Subscriber is responsible for payment of subscription charges to Health Net.

Eligibility, Enrollment and Termination (Section 600) – Termination for Cause

- The section entitled **Termination for Cause**, which is set out below, is revised as follows:

TERMINATION FOR CAUSE

You may terminate this Plan Contract with a written notice to Health Net. You should direct any such correspondence to us at: Health Net Individual Products, P.O. Box 1150, Rancho Cordova, CA 95670. In such event, termination will be effective on midnight of the first day of the month following our receipt of your written notice to cancel. If the terms of this Plan Contract are altered by Health Net, no resulting reduction in coverage will adversely affect a Member who is confined to a Hospital at the time of such change.

Health Net may terminate this Plan Contract together with all like Plan Contracts by giving 90 days' written notice to the Subscriber and the California Department of Managed Health Care.

Health Net may individually terminate or not renew this Plan Contract for the following reasons or under the following circumstances:

- Failure of the Subscriber to pay any subscription charges when due in the manner specified in "Subscription Charges," Section 200. See "Subscription Charges", Section 200 for additional information regarding termination resulting from failure of the Subscriber to pay any subscription charges.

- *If you commit any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, in which case a notice of termination will be sent and termination will be effective upon the date the notice of termination is mailed. Some examples include:*
 - a. *Misrepresenting eligibility information about you or a Dependent*
 - b. *Presenting an invalid prescription or physician order*
 - c. *Misusing a Health Net Member I.D. Card (or letting someone else use it)*
- *Termination of this Plan Contract for good cause. Termination will effective as noted below:*
 - a. *Except for no longer residing in the Service Area, when the Subscriber ceases to be eligible according to any other eligibility provisions of this health plan, coverage will be terminated for Subscriber and any enrolled Family Members effective on midnight of the last day of the month for which loss of eligibility occurs. See “Who is Eligible and How to Enroll” earlier in this section for eligibility provisions.*
 - b. *Except for no longer residing in the Service Area, when the Family Member ceases to be eligible according to any other eligibility provisions of this health plan, coverage will be terminated only for that person effective on midnight of the last day of the month in which loss of eligibility occurred.*
 - c. *When the Subscriber or Family Member ceases to reside in the Service area, coverage will be terminated 30 days from the date the letter is mailed.*

If a Member’s coverage is terminated under this health plan by Health Net for any reason noted above other than failure to pay subscription charges, a cancellation or nonrenewal notice will be sent at least 30 days prior to the termination which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice and (c) your right to submit a grievance. Once coverage is terminated, Health Net will send a termination notice which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; and (c) your right to submit a grievance.

If coverage is terminated for failure to pay subscription charges when due, or for committing any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, you may lose the right to re-enroll in Health Net in the future. We may also report criminal fraud and other illegal acts to the authorities for prosecution.

Health Net will conduct a fair investigation of the facts before any termination or involuntary transfer for any of the above reasons is carried out.

Members are responsible for payment for any services received after termination of this Plan Contract at the provider’s prevailing, non-Member rates. This is also applicable to Members who are hospitalized or undergoing treatment for an ongoing condition on the termination date of this Plan Contract.

Eligibility, Enrollment and Termination (Section 600) – Rescission or Cancellation of Coverage for Fraud or Intentional Misrepresentation of Material Fact

- **The section entitled **Rescission or Cancellation of Coverage for Fraud or Intentional Misrepresentation of Material Fact**, which is set out below, is revised as follows:**

RESCISSION OR CANCELLATION OF COVERAGE FOR FRAUD OR INTENTIONAL MISREPRESENTATION OF MATERIAL FACT

WHEN HEALTH NET CAN RESCIND OR CANCEL A PLAN CONTRACT: Within the first 24 months of coverage, Health Net may rescind this Plan Contract for any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact in the written information submitted by you or on your behalf on or with your enrollment application.

Health Net may cancel a Plan Contract for any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the Plan Contract.

A material fact is information which, if known to Health Net, would have caused Health Net to decline to issue coverage.

Cancellation of a Plan Contract

If this Plan Contract is cancelled, you will be sent a cancellation or nonrenewal notice at least 30 days prior to the termination which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice and (c) your right to submit a grievance. Once coverage is terminated, Health Net will send a termination notice which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; and (c) your right to submit a grievance.

Rescission of a Plan Contract

If this Plan Contract is rescinded, Health Net shall have no liability for the provision of coverage under this Plan Contract.

By signing the enrollment application, you represented that all responses were true, complete and accurate, and that the enrollment application would become part of the Plan Contract between Health Net and you. By signing the enrollment application you further agreed to comply with the terms of this Plan Contract.

If this Plan Contract is rescinded, you will be sent a rescission notice at least 30 days prior to the rescission which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice and (c) your right to submit a grievance. Once coverage is rescinded, Health Net will send a termination notice which will provide the following information: (a) the reason for and effective date of the termination; (b) names of all enrollees affected by the notice; and (c) your right to submit a grievance.

If this Plan Contract is rescinded:

- 1. Health Net may revoke your coverage as if it never existed and you will lose health benefits including coverage for treatment already received;*
- 2. Health Net will refund all premium amounts paid by you, less any medical expenses paid by Health Net on behalf of you and may recover from you any amounts paid under the Plan Contract from the original date of coverage; and*
- 3. Health Net reserves its right to obtain any other legal remedies arising from the rescission that are consistent with California law.*

If you believe Health Net has improperly rescinded your coverage, you may file a grievance to appeal the decision. See the "Grievance, Appeals, Independent Medical Review and Arbitration" portion of the "General Provisions" section of this Plan Contract and Evidence of Coverage.

General Provisions (Section 900) – Grievance, Appeals, Independent Medical Review and Arbitration

ABOUT THIS BOOKLET

Please read the following information so you will know from whom or what group of providers health care may be obtained.

Method of Provider Reimbursement

Health Net uses financial incentives and various risk sharing arrangements when paying providers. The Member may request more information about our payment methods by contacting the Customer Contact Center at the telephone number on your Health Net ID Card.

Section-100

TERM OF YOUR COVERAGE (SECTION 100)

For Subscribers and any of their Family Members whose application for enrollment is accepted by Health Net, this Plan Contract becomes effective on the date stated on your Notice of Acceptance, at 12:00 midnight and will remain in effect, subject to the payment of subscription charges as set below. You may terminate this Plan Contract with a written notice to Health Net. In such event, termination will be effective on midnight of the first day of the month following our receipt of your written notice to cancel. Health Net may terminate or not renew this Plan Contract for causes as set forth in "Termination for Cause," Section 600, Subsection G. If the terms of this Plan Contract are altered by Health Net, no resulting reduction in coverage will adversely affect a Member who is confined to a Hospital at the time of such change.

Section-200

SUBSCRIPTION CHARGES (SECTION 200)

For Subscribers, the first Subscription Charge payment must be paid to Health Net on or before the Effective Date of this Plan Contract. After that, payment is due on or before the first day of each coverage month (the first of each coverage quarter for quarterly billing) while the Plan Contract is in effect. Subscription charges are payable by the Subscriber and are based on the type of Family Unit and are set out on the Notice of Acceptance. Subscription charges must be paid in advance once a month in full for each member receiving coverage for any portion of the month, including those members whose coverage commences during the month and those members whose coverage terminates during the month. Regarding coverage of newly born or newly adopted children, see the "Newly Acquired Dependents" portion of the "Eligibility, Enrollment and Termination" section.

This Plan Contract may be terminated by Health Net after a 30 day grace period which begins on the first day after the last day of paid coverage. Coverage will continue during the grace period; however, you are still responsible to pay unpaid premiums and any copayments, coinsurance or deductible amounts required under the Plan Contract. Before the 30 day grace period begins, Health Net will send a "Notice of Consequences for Nonpayment of Premiums" that will confirm your premium due date and describe the 30 day grace period.

If you do not pay your subscription charges by the first day of the month for which subscription charges are due, Health Net will send a "Notice of Cancellation for Nonpayment of Premiums and Grace Period" which will provide: (a) the reason for and effective date of the cancellation; (b) dollar amount due; (c) date of the last day of paid coverage; (d) additional information regarding the grace period; (e) the date the grace period begins and expires; (f) details of your right and the options you have of going to both Health Net and/or the California Department of Managed Health Care if you do not agree with Health Net's decision; and (g) a Right to Request Review form. You have 180 days from the date of the "Notice of Cancellation for Nonpayment of Premiums and Grace Period" to submit the Right to Request form to Health Net and/or the Department of Managed Health Care. Health Net can terminate your coverage after the grace period expires.

If payment is not received by the end of the 30 day grace period, the Plan Contract will be cancelled. Health Net will mail a Notice Confirming Termination of Coverage on the date your coverage is terminated. The Notice

Confirming Termination of Coverage will provide the following information: (a) that the Plan Contract has been cancelled for non-payment of Subscription Charges; (b) the specific date and time when coverage is terminated.

For individuals who do not qualify for the three month grace period, Health Net will allow one reinstatement during any twelve-month period, if the amounts owed are paid within 15 days of the date the notice confirming your termination is mailed. If you do not obtain reinstatement of the cancelled Plan Contract within the required 15 days or if the Plan Contract has previously been cancelled for non-payment of subscription charges during the previous contract year, then Health Net is not required to reinstate you and you will need to reapply for coverage. Amounts received after the termination date will be refunded to you by Health Net within 20 business days.

The Subscriber can pay the subscription charges by any one of the following options: monthly automatic deduction from a personal checking account, check, cashier's check, money order, debit card or credit card, or general purpose pre-paid debit card.

Subscription payments by a paper check, cashier's check, or money order should be mailed to:

Health Net
P.O. Box 748705
Los Angeles, CA 90074-8705

Call Health Net's Automated Payment System, **1-800-539-4193**, to make a payment by check, debit card, or credit card, or general purpose pre-paid debit card.

NOTE: This address is for initial application submission:

Health Net Individual and Family Enrollment Unit
P.O. Box 1150
Rancho Cordova, CA 95741-1150

Retroactive adjustments for additions for any Family Members will be made in subsequent billings, but in no event will the effective date be more than 30 days prior to the date Health Net received the written request.

Subscription charges may be changed by Health Net effective January 1st of each year with at least a 60 days written notice to the Subscriber prior to the date of such change. Payment of any installment of subscription charges as altered shall constitute acceptance of this change.

If this Plan Contract is terminated for any reason, the Subscriber shall be liable for all subscription charges for any time this Plan Contract is in force during any notice period.

PAYMENT OF SUBSCRIPTION CHARGES

The Subscriber is responsible for payment of Subscription Charges to Health Net. Health Net does not accept payment of Subscription Charges from any person or entity other than the Subscriber, his or her Dependents, or third party payors to the extent required by state and federal law.

Upon discovery that Subscription Charges were paid directly by a person or entity other than those listed above, Health Net will reject the payment and inform the Subscriber that the payment was not accepted and that the Subscription Charges remain due.

Section-300

INTRODUCTION TO HEALTH NET (SECTION 300)

The coverage described in this Plan Contract shall be consistent with the Essential Health Benefits coverage requirements in accordance with the Affordable Care Act (ACA). The Essential Health Benefits are not subject to any annual dollar limits.

The benefits described under this Plan Contract do not discriminate on the basis of race, ethnicity, color, nationality, ancestry, gender, gender identity, gender expression, age, disability, sexual orientation, genetic information, marital status, Domestic Partner status or religion, and are not subject to any pre-existing condition or exclusion period.

How to Obtain Care

When you enroll in this Plan, you must select a Physician Group where you want to receive all of your medical care. That Physician Group will provide or authorize all medical care. Call your Physician Group directly to make an appointment. Information on how to select a Primary Care Physician and a listing of the participating Primary Care Physicians in the Health Net Service Area, are available on the Health Net website at www.myhealthnetca.com. You can also call the Customer Contact Center at the number shown on your Health Net I.D. Card to request provider information.

Some Hospitals and other providers do not provide one or more of the following services that may be covered under your *Plan Contract and Evidence of Coverage* and that you or your Family Member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective doctor, medical group, independent practice association or clinic or call the Customer Contact Center at 1-800-839-2172 to ensure that you can obtain the health care services that you need.

Transition of Care For New Enrollees

You may request continued care from a provider, including a Hospital, that does not contract with Health Net if your prior coverage was an individual plan that was terminated due to the health plan or health insurer no longer offering your health plan and, at the time of enrollment with Health Net, you were receiving care from such a provider for any of the following conditions:

- An Acute Condition;
- A Serious Chronic Condition not to exceed twelve months from the Member's Effective Date of coverage under this Plan;
- A pregnancy (including the duration of the pregnancy and immediate postpartum care);
- A newborn up to 36 months of age not to exceed twelve months from your Effective Date of coverage under this Plan;
- A Terminal Illness (for the duration of the Terminal Illness); or
- A surgery or other procedure that has been authorized by your prior health plan as part of a documented course of treatment.

For definitions of Acute Condition, Serious Chronic Condition and Terminal Illness see "Definitions," Section 1100.

Health Net may provide coverage for completion of services from such a provider, subject to applicable Copayments and any exclusions and limitations of this Plan. You must request the coverage within 60 days of your effective date unless you can show that it was not reasonably possible to make the request within 60 days of your effective date and you make the request as soon as reasonably possible. The non-participating provider must be willing to accept the same contract terms applicable to providers currently contracted with Health Net, who are not capitated and who practice in the same or similar geographic region. If the provider does not accept such terms, Health Net is not obligated to provide coverage with that provider.

To request continued care, you will need to complete a Continuity of Care Assistance Request Form. If you would like more information on how to request continued care or request a copy of the Continuity of Care Assistance Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on your Health Net ID card.

Selecting a Primary Care Physician

Health Net requires the designation of a Primary Care Physician. A Primary Care Physician provides and coordinates your medical care. You have the right to designate any Primary Care Physician who participates in our network and who is available to accept you or your Family Members, subject to the requirements set out below under "Selecting a Contracting Physician Group."

For children, a pediatrician may be designated as the Primary Care Physician. Until you make your Primary Care Physician designation, Health Net designates one for you. Information on how to select a Primary Care Physician and a listing of the participating Primary Care Physicians in the Health Net Service Area, are available on the Health Net website at www.myhealthnetca.com. You can also call the Customer Contact Center at the number shown on your Health Net I.D. Card to request provider information.

Selecting a Contracting Physician Group

Each person must select a Primary Care Physician at a contracting Physician Group close enough to his or her residence to allow reasonable access to medical care. Family Members may select different contracting Physician Groups.

Some Physician Groups may decline to accept assignment of a Member whose home address is not close enough to the Physician Group to allow reasonable access to care. Please call the Customer Contact Center at the number shown on your Health Net I.D. Card if you need to request provider information or if you have questions involving reasonable access to care. The provider directory is also available on the Health Net website at www.myhealthnetca.com.

Selecting a Participating Mental Health Professional

Mental Disorders and Chemical Dependency benefits are administered by MHN Services, an affiliate behavioral health administrative services company (the Administrator), which contracts with Health Net to administer these benefits. When you need to see a Participating Mental Health Professional, contact the Administrator by calling the Health Net Customer Contact Center at the phone number on your Health Net I.D. card. The Administrator will help you identify a Participating Mental Health Professional, a participating independent Physician or a sub-contracted provider association (IPA) within the network, close to where you live or work, with whom you can make an appointment.

Certain services and supplies for Mental Disorders and Chemical Dependency may require prior authorization by the Administrator in order to be covered. Please refer to the "Mental Disorders and Chemical Dependency" provision in "Covered Services and Supplies," Section 700 for a complete description of Mental Disorders and Chemical Dependency services and supplies, including those that require prior authorization by the Administrator.

Specialists and Referral Care

Sometimes, you may need care that the Primary Care Physician cannot provide. At such times, you will be referred to a Specialist or other health care provider for that care. Refer to the "Selecting a Participating Mental Health Professional" section above for information about receiving care for Mental Disorders and Chemical Dependency.

THE CONTINUED PARTICIPATION OF ANY ONE PHYSICIAN, HOSPITAL OR OTHER PROVIDER CANNOT BE GUARANTEED.

THE FACT THAT A PHYSICIAN OR OTHER PROVIDER MAY PERFORM, PRESCRIBE, ORDER, RECOMMEND OR APPROVE A SERVICE, SUPPLY OR HOSPITALIZATION DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR MAKE IT A COVERED SERVICE.

Standing Referral to Specialty Care for Medical and Surgical Services

A standing referral is a referral to a participating Specialist for more than one visit without your Primary Care Physician having to provide a specific referral for each visit. You may receive a standing referral to a Specialist if your continuing care and recommended treatment plan is determined Medically Necessary by your Primary Care Physician, in consultation with the Specialist, Health Net's Medical Director and you. The treatment plan may limit the number of visits to the Specialist, the period of time that the visits are authorized or require that the Specialist provide your Primary Care Physician with regular reports on the health care provided. Extended access to a participating Specialist is available to Members who have a life threatening, degenerative or disabling condition (for example, Members with HIV/AIDS). To request a standing referral ask your Primary Care Physician or Specialist.

If you see a Specialist before you get a referral, you may have to pay for the cost of the treatment. If Health Net denies the request for a referral, Health Net will send you a letter explaining the reason. The letter will also tell you what to do if you don't agree with this decision. This notice does not give you all the information you need about Health Net's Specialist referral policy. To get a copy of our policy, please contact us at the number shown on your Health Net I.D. Card.

Changing Physician Groups

You may transfer to another Physician Group, but only according to the conditions explained in the "Transferring to Another Contracting Physician Group" portion of "Eligibility, Enrollment and Termination," Section 600, of this Plan Contract.

Your Financial Responsibility

Your Physician Group will authorize and coordinate all your care, providing you with medical services or supplies. You are financially responsible for any required Copayment amount for certain services, as described in "Schedule of Benefits and Copayments."

However, you are completely financially responsible for medical care that the Physician Group does not provide or authorize except for Medically Necessary care provided in a legitimate emergency. You are also financially responsible for care that this Plan does not cover.

Questions

Call the Customer Contact Center with questions about this Plan at the number shown on your Health Net ID Card.

Subsection-B

Timely Access to Care

The California Department of Managed Health Care (DMHC) has issued regulations (California Code of Regulations Title 28, Section 1300.67.2.2) with requirements for timely access to non-emergency health care services.

Scheduling Appointments with a Specialist for Medical and Surgical Services

Your Primary Care Physician is your main doctor who makes sure you get the care you need when you need it. Sometimes your Primary Care Physician will send you to a Specialist.

Once you get approval to receive the Specialist services call the Specialist's office to schedule an appointment. Please call ahead as soon as possible. When you make an appointment, identify yourself as a Health Net Member, and tell the receptionist when you would like to see the Specialist. The Specialist's office will do their best to make your appointment at a time that works best for you.

This is a general idea of how many business days, as defined above, that you may need to wait to see the Specialist. Wait times for an appointment depend on your condition and the type of care you need. You should get an appointment to see the Specialist:

- **Specialist appointments:** within 15 business days of request for an appointment
- **Urgent care appointment:** with a Specialist or other type of provider that needs approval in advance - within 96 hours of request for an appointment

Scheduling Appointments for Ancillary Services

Sometimes your doctor will tell you that you need ancillary services such as lab, x-ray, therapy, and medical devices, for treatment or to find out more about your health condition.

Here is a general idea of how many business days, as defined above, that you may need to wait for the appointment:

- **Ancillary Service appointment:** within 15 business days of request for an appointment
- **Urgent care appointment for services that need approval in advance:** within 96 hours of request for an appointment

Canceling or Missing Your Appointments

If you cannot go to your appointment, call the doctor's office right away. If you miss your appointment, call right away to reschedule your appointment. By canceling or rescheduling your appointment, you let someone else be seen by the doctor.

Triage and/or Screening/24-Hour Nurse Advice Line

As a Health Net Member, when you are sick and cannot reach your doctor, like on the weekend or when the office is closed, you can call Health Net's Customer Contact Center at the number shown on your Health Net I.D. Card, and select the Triage and/or Screening option to these services. You will be connected to a health care professional (such as a doctor, nurse, or other provider, depending on your needs) who will be able to help you and answer your questions. As a Health Net Member, you have access to triage or screening service, 24 hours per day, 7 days per week.

If you have a life threatening emergency, call "911" or go immediately to the closest emergency room. Use "911" only for true emergencies.

Subsection-C

Emergency and Urgently Needed Care

WHAT TO DO WHEN YOU NEED MEDICAL CARE IMMEDIATELY

In serious emergency situations: Call "911" or go to the nearest Hospital.

If your situation is not so severe: Call your Primary Care Physician or Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency) or, if you cannot call them or you need medical care right away, go to the nearest medical center or Hospital.

Your Physician Group (medical) and the Administrator (Mental Disorders and Chemical Dependency) are available 24 hours a day, seven days a week, to respond to your phone calls regarding medical care that you believe is needed immediately. They will evaluate your situation and give you directions about where to go for the care you need.

Except in an emergency or other urgent medical circumstances, the covered services of this plan must be performed by your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency) or authorized by them to be performed by others. You may use other providers outside your Physician Group only when you are referred to them by your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency).

If you are not sure whether you have an emergency or require urgent care please contact Health Net at the number shown on your Health Net I.D. card. As a Health Net member, you have access triage or screening services, 24 hours per day, 7 days per week.

Urgently Needed Care within a 30-mile radius of your Physician Group and all non-Emergency Care -- must be performed by your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency) or authorized by them in order to be covered. These services, if performed by others outside your Physician Group, will not be covered unless they are authorized by your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency).

Urgently Needed Care outside a 30-mile radius of your Physician Group and all Emergency Care (including care outside of California)--may be performed by your Physician Group or another provider when your circumstances require it. Services by other providers will be covered if the facts demonstrate that you required Emergency or Urgently Needed Care. Authorization is not mandatory to secure coverage. See "Definitions Related to Emergency and Urgently Needed Care" section below for the definition of Urgently Needed Care.

It is critical that you contact your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency) as soon as you can after receiving emergency services from others outside your Physician Group. Your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency) will evaluate your circumstances and make all necessary arrangements to assume responsibility for your continuing care. They will also advise you about how to obtain reimbursement for charges you may have paid.

Always present your Health Net ID Card to health care providers regardless of where you are. It will help them understand the type of coverage you have and they may be able to assist you in contacting your Physician Group (medical) or the Administrator (Mental Disorders and Chemical Dependency).

After your medical problem (including Severe Mental Illness and Serious Emotional Disturbances of a Child) no longer requires Urgently Needed Care or ceases to be an emergency and your condition is stable, any additional care you receive is considered Follow-Up Care.

Follow-up Care services must be performed or authorized by your Physician Group (medical) or the Administrator (Mental Disorders or Chemical Dependency) or it will not be covered.

Follow-up Care after Emergency Care at a Hospital that is not contracted with Health Net: If you are treated for Emergency Care at a Hospital that is not contracted with Health Net, Follow-up Care must be authorized by Health Net (medical) or the Administrator (Mental Disorders and Chemical Dependency) or it will not be covered. If, once your Emergency Medical Condition or Psychiatric Emergency Medical Condition is stabilized, and your treating health care provider at the Hospital believes that you require additional Medically Necessary Hospital services, the non-contracted Hospital must contact Health Net to obtain timely authorization. If Health Net determines that you may be safely transferred to a Hospital that is contracted with Health Net and you refuse to consent to the transfer, the non-contracted Hospital must provide you with written notice that you will be financially responsible for 100% of the cost for services provided to you once your Emergency condition is stable. Also, if the non-contracted Hospital is unable to determine the contact information at Health Net in order to request prior authorization, the non-contracted Hospital may bill you for such services.

Definitions Related To Emergency And Urgently Needed Care

Please refer to "Definitions," Section 1100, for definitions of Emergency Care, Emergency Medical Condition, Psychiatric Emergency Medical Condition and Urgently Needed Care.

Prescription Drugs

If you purchase a covered Prescription Drug for a medical Emergency or Urgently Needed Care from a non-participating pharmacy, this Plan will pay you the retail cost of the drug less any required Deductible and Copayment shown in "Schedule of Benefits and Copayments," Section 400. You will have to pay for the Prescription Drug when it is dispensed.

To be reimbursed, you must file a claim with Health Net. Call the Customer Contact Center at the telephone number on your Health Net ID Card or visit our website at www.myhealthnetca.com to obtain claim forms and information.

Note

The Prescription Drugs portion of "Exclusions and Limitations," Section 800 and the requirements of the Essential Rx Drug List also apply when drugs are dispensed by a Nonparticipating Pharmacy.

Subsection-D

Pediatric and Plus Plan Vision Services

In the event you require Emergency Pediatric Vision Care, please contact a Health Net Participating Vision Provider to schedule an immediate appointment. Most Participating Vision Providers are available during extended hours and weekends and can provide services for urgent or unexpected conditions that occur after-hours.

Subsection-E

Pediatric and Plus Plan Dental Services

Emergency dental services are dental procedures administered in a dentist's office, dental clinic, or other comparable facility, to evaluate and stabilize dental conditions of a recent onset and severity accompanied by excessive bleeding, severe pain, or acute infection that a person could reasonably expect that immediate dental care is needed.

All Selected General Dentists provide emergency dental services twenty-four (24) hours a day, seven (7) days a week and we encourage you to seek care from your Selected General Dentist. **If you require emergency dental services, you may go to any dental provider, go to the closest emergency room, or call 911 for assistance, as necessary. Prior Authorization for emergency dental services is not required.**

Your reimbursement from us for emergency dental services, if any, is limited to the extent the treatment you received directly relates to emergency dental services - i.e. to evaluate and stabilize the dental condition. All reimbursements will be allocated in accordance with your plan benefits, subject to any exclusions and limitations. Hospital charges and/or other charges for care received at any hospital or outpatient care facility that are not related to treatment of the actual dental condition are not covered benefits.

Family	\$9,000

Exceptions to OOPM

Your payments for services or supplies that this plan does not cover will not be applied to the OOPM amount.

The following Copayments and expenses paid by you for covered services or supplies under this plan will not be applied to the OOPM amount:

- Copayments for Health Net Individual and Family Plus Plan Vision Services benefits and expenses incurred in excess of covered Eyewear.
- Copayments for Health Net Individual and Family Plus Plan Dental Services benefits

You are required to continue to pay charges for the exceptions listed above after the OOPM has been reached.

How the OOPM Works

Here's how the OOPM works:

- If an individual Member pays amounts for covered services and supplies in a Calendar Year that equal the OOPM amount shown above for an individual Member, no further payment is required for that Member for the remainder of the Calendar Year.
- Once an individual Member in a Family satisfies the individual OOPM, the remaining enrolled Family Members must continue to pay the Copayments until either (a) the aggregate of such Copayments paid by the Family reaches the Family OOPM or (b) each enrolled Family Member individually satisfies the individual OOPM.
- If amounts for covered services and supplies paid for all enrolled Members equal the OOPM amount shown for a family, no further payment is required from any enrolled Member of that family for the remainder of the Calendar Year for those services. (NOTE: In order for the Family Out-of-Pocket Maximum to apply, all Family Members must be enrolled under a single Subscriber. Family Members enrolled as separate Subscribers are each subject to the One Member Out-of-Pocket Maximum.)
- Only amounts that are applied to the individual Member's OOPM amount may be applied to the family's OOPM amount. Any amount you pay for covered services for yourself that would otherwise apply to your individual OOPM but exceeds the above stated OOPM amount for one Member will be refunded to you by Health Net and will not apply toward your family's OOPM. Individual members cannot contribute more than their individual OOPM amount to the Family OOPM.

You will be notified by us when you have reached your OOPM amount for the calendar year. You can also obtain an update on your OOPM accumulation by calling the Customer Contact Center at the telephone number on your ID card. Please keep a copy of all receipts and canceled checks for costs for covered services and supplies as proof of payments made.

ELIGIBILITY, ENROLLMENT AND TERMINATION (SECTION 600)

Subsection-A

Who Is Eligible and How to Enroll for Coverage

Health Net establishes the conditions of eligibility that must be met in order to be eligible for coverage under this health plan. In order to enroll in and receive coverage under this plan, Subscriber and each of the Subscriber's Family Members that apply for enrollment must: (a) live in the Health Net Service Area and (b) apply for enrollment during an open enrollment period or during a special enrollment period as defined below under "Special Enrollment Periods." The following persons are not eligible for coverage under this plan: (a) persons age 65 and older and eligible for Medicare benefits; and (b) persons eligible for Medi-Cal, or other applicable state or federal programs. If you have end-stage renal disease and are eligible for Medicare, you remain eligible for enrollment in this plan until you are enrolled in Medicare. The Notice of Acceptance indicates the names of applicants who have been accepted for enrollment, the effective date thereof, the plan selected and the monthly subscription charge.

Subscribers who enroll in this plan may also apply to enroll Family Members who satisfy the eligibility requirements for enrollment. The following types of dependents describe those Family Members who may apply for enrollment in this plan:

Subsection-B

Spouse: If you are the Subscriber and you marry while you are covered by this Plan, you may apply to enroll your new spouse (and your spouse's eligible children) within 60 days of the date of marriage by submitting a new Enrollment Application to Health Net. If your spouse is accepted for coverage, coverage begins on the date indicated on the Notice of Acceptance for the new enrollee.

If your Domestic Partner is accepted for coverage, coverage begins on the date indicated on the Notice of Acceptance for the new enrollee.

In order for coverage to continue beyond the 30th day of life, you must enroll the child within 31 days of birth by submitting an Enrollment Application to Health Net and paying any applicable subscription charges. If you do not enroll the child within 31 days of birth, your child will be eligible to enroll under a special enrollment period within 60 days of birth.

If the mother is the Subscriber's spouse and an enrolled Member, the child will be assigned to the mother's Physician Group. If the mother is not enrolled, the child will be automatically assigned to the Subscriber's Physician Group. If you want to choose another Physician Group for that child, the transfer will take effect only as stated in the "Transferring to Another Contracting Physician Group" portion of this section.

Adopted Child: A newly adopted child or a child who is being adopted becomes eligible on the date of adoption or the date of placement for adoption, as requested by the adoptive parent.

Coverage begins automatically and will continue for 30 days from the date of eligibility. The child will be assigned to the Subscriber's Physician Group. You must enroll the child within 31 days for coverage to continue beyond the first 30 days by submitting an Enrollment Application to Health Net and paying any applicable subscription charges. If you do not enroll the child within 31 days of adoption/placement, your child will be eligible to enroll under a special enrollment period within 60 days of adoption placement. You must enroll the child within 60 days of the effective date of the court order by submitting an Enrollment Application to Health Net and paying any applicable subscription charges. The child will be assigned to the Subscriber's Physician Group. Coverage will begin on the first day of the month after Health Net receives the enrollment request. You must enroll the child by submitting a Newborn Addition Form to Health Net and paying any applicable Subscription Charges. Reservists ordered to active duty on or after January 1, 2007 who were covered under this Plan at the time they were ordered to active duty and their eligible dependents will be reinstated without waiting periods or exclusion of coverage for pre-existing conditions. A reservist means a member of the U.S. Military Reserve or California

National Guard called to active duty as a result of the Iraq conflict pursuant to Public Law 107-243 or the Afghanistan conflict pursuant to Presidential Order No. 13239. Please notify Health Net when you return from active duty if you want to reinstate your coverage under this Plan.

Subsection-D

Transferring to Another Contracting Physician Group

As stated in the "Selecting a Physician Group" portion of "Introduction to Health Net," Section 300, each person must select a Physician Group close enough to his or her residence to allow reasonable access to care. Please call the Customer Contact Center at the telephone number on your Health Net ID card if you have questions involving reasonable access to care.

Any individual Member may change Physician Groups by transferring from one to another when:

- The Member moves to a new address (notify Health Net within 30 days of the change).
- Determined necessary by Health Net.
- The Member exercises the once-a-month transfer option.

Exceptions

Health Net will not permit a once-a-month transfer at the Member's option if the Member is confined to a Hospital. However, if you believe you should be allowed to transfer to another contracting Physician Group because of unusual or serious circumstances and you would like Health Net to give special consideration to your needs, please contact our Customer Contact Center at the telephone number on your Health Net ID Card for prompt review of your request.

Effective Date of Transfer

Once we receive your request for a transfer, the transfer will occur on the first day of the following month. (Example: Request received March 12, transfer effective April 1.)

If your request for a transfer is not allowed because of a hospitalization and you still wish to transfer after the medical condition or treatment for it has ended, please call the Customer Contact Center at the telephone number on your Health Net ID Card to process the transfer request. The transfer in a case like this will take effect on the first day of the calendar month following the date the treatment for the condition causing the delay ends.

For a newly eligible child who has been automatically assigned to a Physician Group, the transfer will not take effect until the first day of the calendar month following the date the child first becomes eligible. (Automatic assignment takes place with *newborn* and *adopted* children and is described in the "Who is Eligible and How to Enroll for Coverage" provision earlier in this section.)

Subsection-E

Renewal Provisions

Subject to the termination provisions described below, coverage will remain in effect for each month subscription charges are received and accepted by Health Net.

Subsection-F

Re-enrollment

If you terminate coverage for yourself or any of your Family Members, you may apply for re-enrollment.

Subsection-G

Termination for Cause

You may terminate this Plan Contract with a written notice to Health Net. You should direct any such correspondence to us at: Health Net Individual Products, P.O. Box 1150, Rancho Cordova, CA 95670. In such

event, termination will be effective on midnight of the first day of the month following our receipt of your written notice to cancel. If the terms of this Plan Contract are altered by Health Net, no resulting reduction in coverage will adversely affect a Member who is confined to a Hospital at the time of such change.

Health Net may terminate this Plan Contract together with all like Plan Contracts by giving 90 days' written notice to the Subscriber and the California Department of Managed Health Care.

Health Net may individually terminate or not renew this Plan Contract for the following reasons or under the following circumstances:

- Failure of the Subscriber to pay any subscription charges when due in the manner specified in "Subscription Charges," Section 200. See "Subscription Charges", Section 200 for additional information regarding termination resulting from failure of the Subscriber to pay any Subscription Charges.
- If you commit any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, in which case a notice of termination will be sent and termination will be effective upon the date the notice of termination is mailed. Some examples include:
 - a. Misrepresenting eligibility information about you or a Dependent
 - b. Presenting an invalid prescription or physician order
 - c. Misusing a Health Net Member I.D. Card (or letting someone else use it)
- Termination of this Plan Contract for good cause, as described below, in which case a Notice of Cancellation, Rescission or Nonrenewal will be sent at least 30 days prior to the termination which will provide: (a) the reason for and effective date of the termination; (b) details of your right and the options you have of going to both Health Net and/or the California Department of Managed Health Care if you do not agree with Health Net's decision; and (c) a Right to Request Review form. You have 180 days from the date of the Notice of Cancellation, Rescission or Nonrenewal to submit the Right to Request form to Health Net and/or the Department of Managed Health Care. Termination will effective as noted below:
 - a. Except for no longer residing in the Service Area, when the Subscriber ceases to be eligible according to any other eligibility provisions of this health plan, coverage will be terminated for Subscriber and any enrolled Family Members effective on midnight of the last day of the month for which loss of eligibility occurs. See "Who is Eligible and How to Enroll" earlier in this section for eligibility provisions.
 - b. Except for no longer residing in the Service Area, when the Family Member ceases to be eligible according to any other eligibility provisions of this health plan, coverage will be terminated only for that person effective on midnight of the last day of the month in which loss of eligibility occurred.
 - c. When the Subscriber or Family Member ceases to reside in the Service area, coverage will be terminated 30 days from the date the letter is mailed.

If coverage is terminated for failure to pay subscription charges when due, or for committing any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the agreement, you may lose the right to re-enroll in Health Net in the future. We may also report criminal fraud and other illegal acts to the authorities for prosecution.

Health Net will conduct a fair investigation of the facts before any termination or involuntary transfer for any of the above reasons is carried out.

Members are responsible for payment for any services received after termination of this Plan Contract at the provider's prevailing, non-Member rates. This is also applicable to Members who are hospitalized or undergoing treatment for an ongoing condition on the termination date of this Plan Contract.

If a Member's coverage is terminated under this health plan by Health Net for any reason noted above other than failure to pay subscription charges, a Notice of Cancellation, Rescission or Nonrenewal will be issued and will include the following: (a) the reason the Plan Contract has been cancelled; (b) the specific date and time when coverage is terminated; (c) details of your right and the options you have of going to both Health Net and/or the California Department of Managed Health Care if you do not agree with Health Net's decision; and (d) a Right to Request Review form. You have 180 days from the date of the Notice of Cancellation, Rescission or Nonrenewal to submit the Right to Request form to Health Net and/or the Department of Managed Health Care.

For any reason noted above other than failure to pay subscription charges:

- If the Member requests a review of the termination by the Director of the California Department of Managed Health Care before coverage is terminated, coverage will be continued until completion of the review, as long as subscription charges and other cost sharing obligations under this Plan Contract are paid.
- If the Member requests a review of the termination by the Director of the California Department of Managed Health Care after termination, and the Director determines that coverage was improperly terminated, coverage will be reinstated.

Subsection-H

Rescission or Cancellation of Coverage for Fraud or Intentional Misrepresentation of Material Fact

WHEN HEALTH NET CAN RESCIND OR CANCEL A PLAN CONTRACT: Within the first 24 months of coverage, Health Net may rescind this Plan Contract for any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact in the written information submitted by you or on your behalf on or with your enrollment application.

Health Net may cancel a Plan Contract for any act or practice which constitutes fraud, or for any intentional misrepresentation of material fact under the terms of the Plan Contract.

A material fact is information which, if known to Health Net, would have caused Health Net to decline to issue coverage.

Cancellation of a Plan Contract

If this Plan Contract is cancelled, you will be sent a Notice of Cancellation, Rescission or Nonrenewal 30 days prior to the effective date of the cancellation that will include the following: (a) the reason the Plan Contract has been cancelled; (b) the specific date and time when coverage is terminated; (c) details of your right and the options you have of going to both Health Net and/or the California Department of Managed Health Care if you do not agree with Health Net's decision; and (d) a Right to Request Review form. You have 180 days from the date of the Notice of Cancellation, Rescission or Nonrenewal to submit the Right to Request form to Health Net and/or the Department of Managed Health Care.

Rescission of a Plan Contract

If this Plan Contract is rescinded, Health Net shall have no liability for the provision of coverage under this Plan Contract.

By signing the enrollment application, you represented that all responses were true, complete and accurate, and that the enrollment application would become part of the Plan Contract between Health Net and you. By signing the enrollment application you further agreed to comply with the terms of this Plan Contract.

If after enrollment Health Net investigates your enrollment application information, Health Net must notify you of this investigation, the basis of the investigation and offer you an opportunity to respond.

If Health Net makes a decision to rescind your coverage, such decision will be first sent for review to an independent third party auditor contracted by Health Net.

If this Plan Contract is rescinded, Health Net will provide a written Notice of Cancellation, Rescission or Nonrenewal 30 days prior to the effective date of the rescission that will:

1. Explain the basis of the decision;
2. Provide the effective date of the rescission;
3. Clarify that all members covered under your coverage other than the individual whose coverage is rescinded may continue to remain covered;
4. Explain that your monthly premium will be modified to reflect the number of members that remain under this Plan Contract;

5. Explain your right and the options you have of going to both Health Net and/or the Department of Managed Health Care if you do not agree with Health Net's decision;
6. Include a Right to Request Review form. You have 180 days from the date of the Notice of Cancellation, Rescission or Nonrenewal to submit the Right to Request form to Health Net and/or the Department of Managed Health Care.

If this Plan Contract is rescinded:

1. Health Net may revoke your coverage as if it never existed and you will lose health benefits including coverage for treatment already received;
2. Health Net will refund all premium amounts paid by you, less any medical expenses paid by Health Net on behalf of you and may recover from you any amounts paid under the Plan Contract from the original date of coverage; and
3. Health Net reserves its right to obtain any other legal remedies arising from the rescission that are consistent with California law.

If Health Net denies your appeal, you have the right to seek assistance from the California Department of Managed Health Care.

COVERED SERVICES AND SUPPLIES (SECTION 700)

You are entitled to receive Medically Necessary services and supplies described below when they are authorized according to procedures Health Net and the Physician Group have established. The fact that a Physician or other provider may perform, prescribe, order, recommend or approve a service, supply or hospitalization does not, in itself, make it Medically Necessary or make it a covered service.

Any covered service or supply may require a Copayment, be subject to a Deductible or have a benefit maximum. Please refer to "Schedule of Benefits and Copayments," Section 400, for details.

Certain limitations may apply. Be sure you read the section entitled "Exclusions and Limitations," Section 800, before obtaining care.

The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Customer Contact Center at the phone number on your Health Net I.D. card.

The Essential Rx Drug List

What Is the Health Net Essential Rx Drug List?

Health Net developed the Essential Rx Drug List to identify the safest and most effective medications for Health Net members while attempting to maintain affordable pharmacy benefits. We specifically suggest to all Health Net contracting Physicians and Specialists that they refer to this List when choosing drugs for patients who are Health Net members. When your physician prescribes medications listed in the Essential Rx Drug List, it is ensured that you are receiving a high quality and high value prescription medication. In addition, the Essential Rx Drug List identifies whether a Generic version of a Brand Name Drug exists and whether the drug requires Prior Authorization. If the Generic version exists, it will be dispensed instead of the Brand Name version, unless you or your doctor request the Brand.

You may call the Customer Contact Center at the telephone number on your Health Net ID Card to find out if a particular drug is listed in the Essential Rx Drug List. You may also request a copy of the current List and it will be mailed to you. The current List is also available on the Health Net website at www.myhealthnetca.com.

How Are Drugs Chosen for the Health Net Essential Rx Drug List?

The Essential Rx Drug List is created and maintained by the Health Net Pharmacy and Therapeutics Committee. Before deciding whether to include a drug on the Essential Rx Drug List, the committee reviews medical and scientific publications, relevant utilization experience, State and Federal requirements and Physician recommendations to assess the drug for its:

- Safety
- Effectiveness
- Cost-effectiveness (when there is a choice between two drugs having the same effect, the less costly drug will be listed)
- Side effect profile
- Therapeutic outcome

This committee has quarterly meetings to review medications and to establish policies and procedures for drugs included in the Essential Rx Drug List. The Essential Rx Drug List is updated as new clinical information and medications are approved by the FDA.

Who Is on the Health Net Pharmacy and Therapeutics Committee and How Are Decisions Made?

The committee is made up of actively practicing Physicians of various medical specialties from Health Net Physician Groups, as well as clinical pharmacists. Voting members are recruited from contracting Physician Groups throughout California based on their experience, knowledge and expertise. In addition, the Pharmacy and Therapeutics Committee frequently consults with other medical experts to provide additional input to the Committee. A vote is taken before a drug is added to the Essential Rx Drug List. The voting members are not employees of Health Net. This ensures that decisions are unbiased and without conflict of interest.

Prior Authorization Process for Prescription Drugs

Prior Authorization status is included in the Essential Rx Drug List - The Essential Rx Drug List identifies which drugs require Prior Authorization. A Physician must get approval from Health Net before writing a Prescription Drug Order for a drug that is listed as requiring Prior Authorization, in order for the drug to be covered by Health Net. You may obtain a list of drugs requiring Prior Authorization by visiting our website at www.myhealthnetca.com or call the Customer Contact Center at the telephone number on your Health Net ID card. If a drug is not on the Essential Rx Drug List, your Physician should call Health Net to determine if the drug requires Prior Authorization.

Most Brand Name Drugs that have generic equivalents will require Prior Authorization to determine Medical Necessity. If approved for Medical Necessity, Health Net will cover Brand Name Drugs that have generic equivalents when Medically Necessary and the Physician obtains approval from Health Net.

Requests for prior authorization may be submitted electronically or by telephone or facsimile. Urgent requests from Physicians for authorization are processed, and prescribing providers notified of Health Net's determination, as soon as possible, not to exceed 24 hours, after Health Net's receipt of the request and any additional information requested by Health Net that is reasonably necessary to make the determination. A Prior Authorization request is urgent when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function. Routine requests from Physicians are processed, and prescribing providers notified of Health Net's determination in a timely fashion, not to exceed 72 hours. For both urgent and routine requests, Health Net must also notify the Member or his or her designee of its decision. If Health Net fails to respond within the required time limit, the Prior Authorization request is deemed granted.

Health Net will evaluate the submitted information upon receiving your Physician's request for Prior Authorization and make a determination based on established clinical criteria for the particular medication. The criteria used for prior authorization are developed and based on input from the Health Net Pharmacy and Therapeutics Committee as well as physician experts. Your physician may contact Health Net to obtain the usage guidelines for specific medications.

Once a medication is approved, its authorization becomes effective immediately.

If you are denied Prior Authorization, please refer to the "Grievance, Appeals, Independent Medical Review and Arbitration" portion of the "General Provisions" section of this Plan Contract and Evidence of Coverage.

Retail Pharmacies and the Mail Order Program

Purchase Drugs at Participating Pharmacies

Except as described below under "Nonparticipating Pharmacies and Emergencies," you must purchase covered drugs at a Participating Pharmacy.

Health Net is contracted with many major pharmacies, supermarket-based pharmacies and privately owned pharmacies in California. To find a conveniently located Participating Pharmacy, please visit our website at www.myhealthnetca.com or call the Customer Contact Center at the telephone number on your Health Net ID card. Present your Health Net ID Card and pay the appropriate Copayment when the drug is dispensed.

Up to a 30-consecutive-calendar-day supply is covered for each Prescription Drug Order. In some cases a 30-consecutive-calendar-day supply of Medication may not be an appropriate drug treatment plan according to the Food and Drug Administration (FDA) or Health Net's usage guidelines. Medications taken on an "as-needed" basis may have a copayment based on a standard package, vial, ampoule, tube or other standard unit. In such a case, the amount of medication dispensed may be less than a 30-consecutive-calendar-day supply. If Medically Necessary, your physician may request a larger quantity from Health Net. See also the "Schedule II Narcotic Drugs" portion of the "Exclusions and Limitations" section.

Participating Pharmacies located in Riverside and Sonoma Counties can dispense up to three times the 30-day-consecutive-calendar-day supply amount in one fill for maintenance medications, provided the Prescription Drug Order stipulates refills. One 30-day copayment, as shown in the "Schedule of Benefits and Copayments" section, will continue to apply for each 30-consecutive-day supply dispensed.

If your Health Net ID Card is not available: or eligibility cannot be determined

- Pay the entire cost of the drug and
- Submit a claim for possible reimbursement.

Health Net will reimburse you for the cost of the Prescription Drug, less any required Deductible and Copayment shown in "Schedule of Benefits and Copayments," Section 400.

Except as described below in "Nonparticipating Pharmacies and Emergencies," for new Members and emergent care, if you elect to pay out-of-pocket and submit a prescription claim directly to Health Net instead of having the contracted pharmacy submit the claim directly to Health Net, you will be reimbursed based on the lesser of Health Net's contracted pharmacy rate or the pharmacy's retail price, less any applicable Copayment or Deductible.

Nonparticipating Pharmacies and Emergencies

During the first 30 days of your coverage, Prescription Drugs will be covered if dispensed by a Nonparticipating Pharmacy, but only if you are a new Member and have not yet received your Health Net ID Card. After 30 days, Prescription Drugs dispensed by a Nonparticipating Pharmacy will be covered only for Emergency Care or Urgently Needed Care, as defined in "Definitions," Section 1100 of this Plan Contract.

If the above situation applies to you:

- Pay the full cost of the Prescription Drug that is dispensed and
- Submit a claim to Health Net for reimbursement.

Health Net will reimburse you for the cost of the Prescription Drug covered expenses, less any required Deductible and Copayment shown in "Schedule of Benefits and Copayments," Section 400.

If you present a Prescription Order for a Brand Name Drug, pharmacists will offer a Generic Drug equivalent if commercially available. In cases of Emergency or Urgently Needed Care, you should advise the treating Physician of any drug allergies or reactions, including to any Generic Drugs.

There are no benefits through Nonparticipating Pharmacies after 30 days of coverage or if the Prescription Drug was not purchased for Emergency or Urgently Needed Care.

Note

The Prescription Drug portion of "Exclusions and Limitations" in Section 800 and the requirements of the Essential Rx Drug List described above still apply when Prescription Drugs are dispensed by a Nonparticipating Pharmacy.

Claim forms will be provided by Health Net upon request or may be obtained from the Health Net website at www.myhealthnetca.com,

The mail order administrator may only dispense up to a 90-consecutive-calendar-day supply of a covered Maintenance Drug and each refill allowed by that order. After you satisfy the Prescription Drug Calendar Year Deductible, if applicable, the required Copayment applies each time a drug is dispensed.

Subsection-C**Mental Disorders and Chemical Dependency**

The coverage described below complies with requirements under the Paul Wellstone-Pete Domenici Mental Health Parity and Addiction Equity Act of 2008.

Certain limitations or exclusions may apply. Please read the "Exclusions and Limitations" section of this Plan Contract and Evidence of Coverage.

In order for a Mental Disorder service or supply to be covered, it must be Medically Necessary and authorized by the Administrator.

Telehealth services for Mental Disorders and Chemical Dependency are provided by Teladoc as described under "Teladoc Consultation Telehealth Services" in the "Medical Services and Supplies" portion of this "Covered Services and Supplies" section.

The Mental Disorders and Chemical Dependency benefits are administered by MHN Services, an affiliate behavioral health administrative services company (the Administrator) which contracts with Health Net to administer these benefits. When you need to see a Participating Mental Health Professional, contact the Administrator by calling the Health Net Customer Contact Center at the phone number on your Health Net I.D. card.

Certain services and supplies for Mental Disorders and Chemical Dependency require prior authorization by the Administrator to be covered. The services and supplies for Mental Disorders and Chemical Dependency that require prior authorization are:

- Outpatient procedures that are not part of an office visit (for example: psychological and neuropsychological testing, outpatient electroconvulsive therapy (ECT) and transcranial magnetic stimulation (TMS)), outpatient detoxification, partial hospitalization, day treatment and half-day partial hospitalization;
- Inpatient, residential, partial hospitalization, inpatient ECT, inpatient psychological and neuropsychological testing and intensive outpatient services; and
- Behavioral health treatment for Pervasive Developmental Disorder or Autism (see below under “Outpatient Services”).

The Administrator will help you identify a nearby Participating Mental Health Professional, participating independent physician or a subcontracted independent provider association (IPA) within the network and with whom you can schedule an appointment, as discussed in “Introduction to Health Net,” Section 300. The designated Participating Mental Health Professional, independent Physician or IPA will evaluate you, develop a treatment plan for you, and submit that treatment plan to the Administrator for review. Upon review and authorization (if authorization is required) by the Administrator or IPA, the proposed services will be covered by this Plan if they are determined to be Medically Necessary.

If services under the proposed treatment plan are determined by the Administrator to not be Medically Necessary, as defined in “Definitions,” Section 1100, services and supplies will not be covered for that condition. However, the Administrator may direct you to community resources where alternative forms of assistance are available. See “General Provisions,” Section 900 (j) for the procedure to request Independent Medical Review of a Plan denial of coverage. Medically necessary speech, occupational and physical therapy services are covered under the terms of this plan, regardless of whether community resources are available.

For additional information on accessing mental health services, visit our website at www.myhealthnetca.com and select the MHC link or contact the Administrator at the Health Net Customer Contact Center phone number shown on your Health Net I.D. card.

In an emergency, call "911" or go to the nearest Hospital. If your situation is not so severe, or if you are unsure of whether an emergency condition exists, you may call the Administrator at the Customer Contact Center telephone number shown on your Health Net ID Card. Please refer to the "Emergency and Urgently Needed Care" portion of "Introduction to Health Net," Section 300, for more information.

Transition of Care For New Enrollees

If you are receiving ongoing care for an acute, serious, or chronic mental health condition from a non-Participating Mental Health Professional at the time you enroll with Health Net, and your prior coverage was an individual plan that was terminated due to the health plan or health insurer no longer offering your health plan, we may temporarily cover services from a provider not affiliated with the Behavioral Health Administrator, subject to applicable Copayments and any other exclusions and limitations of this Plan.

Your non-Participating Mental Health Professional must be willing to accept the Behavioral Health Administrator’s standard mental health provider contract terms and conditions and be located in the Plan’s service area.

To request continued care, you will need to complete a Continuity of Care Assistance Request Form. If you would like more information on how to request continued care, or request a copy of the Continuity of Care Assistance Request Form or of our continuity of care policy, please call the Customer Contact Center at the telephone number on your Health Net ID Card.

Making an Appointment

Once your coverage begins, you may contact the Selected General Dentist you selected at enrollment to schedule an appointment. Selected General Dentists' offices are open in accordance with their individual practice needs. When scheduling an appointment, please identify yourself as a member. Specialist Referrals

During the course of treatment, you may require the services of a Specialist. Your Selected General Dentist will submit all required documentation to us and we will advise you of the name, address, and telephone number of the Specialist who will provide the required treatment. These services are available only when the dental procedure cannot be performed by the Selected General Dentist due to the severity of the problem. Full information is contained in your plan Schedule of Benefits.

Plus Plan Vision Services (ages 19 and older)

Please read the "Plus Plan Vision Services (ages 19 and older)" portion of "Exclusions and Limitations," Section 800.

The vision services benefits are provided by Health Net. Health Net contracts with Envolve Vision, Inc. to administer the vision services benefits.

All Covered Services must be provided by a Health Net Participating Vision Provider in order to receive benefits under this plan. Call the Customer Contact Center 866-392-6058 for a listing of participating vision providers or visit our website at www.myhealthnetca.com. This plan does not cover services and materials provided by a provider who is not a Participating Vision Provider. The Participating Vision Provider is responsible for the provision, direction and coordination of the Member's complete vision care.

When you receive benefits from a Participating Vision Provider you only pay the applicable Copayment amount that is stated in the "Plus Plan Vision Services (ages 19 and older)" portion of the "Schedule of Benefits and Copayments" section. For materials, you are responsible for payment of any amount in excess of the frame or contact lens allowance specified in the "Plus Plan Vision Services (ages 19 and older)" portion of the "Schedule of Benefits and Copayments" section.

Examination

The vision examination includes an analysis of the eyes and related structures to determine the presence of vision problems or other abnormalities. See the "Plus Plan Vision Services (ages 19 and older)" portion of the "Schedule of Benefits and Copayments" section for limitations.

Contact Lens Fit and Follow-up Examination

If the Member requests or requires contact lenses, there is an additional examination for contact lens fit and follow-up as stated in the "Plus Plan Vision Services (ages 19 and older)" portion of the "Schedule of Benefits and Copayments" section. Follow-up exam(s) for contact lenses include subsequent visit(s) to the same provider who provided the initial contact lens fit exam.

However, if a Member selects frames that are more expensive than this allowance, the Member will be charged 80% of the difference between the allowance and the retail cost of the more expensive frame. See the “Plus Plan Vision Services (ages 19 and older)” portion of the “Schedule of Benefits and Copayments” section for limitations.

Standard progressive lenses are multifocal designs that produce a gradual change in focus without lines or junctions, but are not the manufacturer’s most current models. Premium progressive lenses are the manufacturer’s highest technology models and produce the optimal ease of adaptation, comfort, and the widest zones for reading and intermediate vision. The determination of standard progressive versus premium progressive lenses takes into consideration the following: 1) the date the design was introduced to the market; and 2) the technology/design features, advantages and benefits.

Materials - Lens Options (In Addition to Standard Lenses)

Members may select lenses with additional eyeglass lens option as described under “Eyeglass Lens Options” in the “Plus Plan Vision Services (ages 19 and older)” portion of the “Schedule of Benefits and Copayments” section. An adverse benefit determination means a decision by Health Net to deny, reduce, terminate or fail to pay for all or part of a benefit that is based on:

- Rescission of coverage, even if it does not have an adverse effect on a particular benefit at that time; or
- Determination of an individual's eligibility to participate in this Health Net plan; or
- Determination that a benefit is not covered; or
- An exclusion or limitation of an otherwise covered benefit based on a pre-existing condition exclusion or a source-of-injury exclusion; or
- Determination that a benefit is Experimental, Investigational, or not Medically Necessary or appropriate.

We will:

- Confirm in writing within five calendar days that we received your request.
- Review your complaint and inform you of our decision in writing within 30 days from the receipt of the Grievance. For conditions where there is an immediate and serious threat to your health, including severe pain or the potential for loss of life, limb or major bodily function exists, Health Net must notify you of the status of your grievance no later than three days from receipt of the grievance. For urgent grievances, Health Net will immediately notify you of the right to contact the Department of Managed Health Care. There is no requirement that you participate in Health Net's grievance or appeals process before requesting IMR for denials based on the Investigational or Experimental nature of the therapy. In such cases you may immediately contact the Department of Managed Health Care to request an IMR of the denial.

If you continue to be dissatisfied after the grievance procedure has been completed, you may contact the Department of Managed Health Care for assistance or to request an independent medical review or you may initiate binding arbitration, as described below. Binding arbitration is the final process for the resolution of disputes.

Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review ("IMR") of disputed health care services from the Department of Managed Health Care ("Department") if you believe that health care services eligible for coverage and payment under your Health Net Plan have been improperly denied, modified or delayed by Health Net or one of its contracting providers. A "Disputed Health Care Service" is any health care service eligible for coverage and payment under your Health Net Plan that has been denied, modified or delayed by Health Net or one of its contracting providers, in whole or in part because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. Health Net will provide you with an IMR application form and Health Net's grievance response letter that states its position on the Disputed Health Care Service. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Health Net regarding the Disputed Health Care Service.

Eligibility

Your application for IMR will be reviewed by the Department to confirm that it meets all the eligibility requirements of the law for IMR which are set out below:

1. (A) Your provider has recommended a health care service as Medically Necessary, or
(B) You have received urgent or Emergency Care that a provider determined to have been Medically Necessary;
(C) In the absence of the provider recommendation described in 1.(A) above, you have been seen by a Health Net Member Physician for the diagnosis or treatment of the medical condition for which you seek IMR;
2. The Disputed Health Care Service has been denied, modified or delayed by Health Net or one of its contracting providers, based in whole or in part on a decision that the health care service is not Medically Necessary; and
3. You have filed a grievance with Health Net and the disputed decision is upheld by Health Net or the grievance remains unresolved after 30 days. Within the next six months, you may apply to the Department for IMR or later, if the Department agrees to extend the application deadline. If your grievance requires expedited review you may bring it immediately to the Department's attention. The Department may waive the requirement that you follow Health Net's grievance process in extraordinary and compelling cases.

If your case is eligible for IMR, the dispute will be submitted to a medical Specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made

in your case from the IMR. If the IMR determines the service is Medically Necessary, Health Net will provide the Disputed Health Care Service. If your case is not eligible for IMR, the Department will advise you of your alternatives.

For non-urgent cases, the IMR organization designated by the Department must provide its determination within 30 days of receipt of the application for review and the supporting documents. For urgent cases involving imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb or major bodily function or the immediate and serious deterioration of your health, the IMR organization must provide its determination within three business days.

For more information regarding the IMR process or to request an application form, please call the Customer Contact Center at the telephone number on your Health Net ID card.

Independent Medical Review of Investigational or Experimental Therapies

Health Net does not cover Experimental or Investigational drugs, devices, procedures or therapies. However, if Health Net denies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational and you meet the eligibility criteria set out below, you may request an independent medical review ("IMR") of Health Net's decision from the Department of Managed Health Care. The Department does not require you to participate in Health Net's grievance or appeals process before requesting IMR of denials based on the Investigational or Experimental nature of the therapy. In such cases you may immediately contact the Department to request IMR of this denial.

Eligibility

1. You must have a life-threatening or seriously debilitating condition.
2. Your Physician must certify to Health Net that you have a life-threatening or seriously debilitating condition for which standard therapies have not been effective in improving your condition or are otherwise medically inappropriate and there is no more beneficial therapy covered by Health Net.
3. Your Physician must certify that the proposed Experimental or Investigational therapy is likely to be more beneficial than available standard therapies or as an alternative, you submit a request for a therapy that, based on documentation you present from the medical and scientific evidence, is likely to be more beneficial than available standard therapies.
4. You have been denied coverage by Health Net for the recommended or requested therapy.
5. If not for Health Net's determination that the recommended or requested treatment is Experimental or Investigational, it would be covered.

If Health Net denies coverage of the recommended or requested therapy and you meet the eligibility requirements, Health Net will notify you within five business days of its decision and your opportunity to request external review of Health Net's decision through IMR. Health Net will provide you with an application form to request an IMR of Health Net's decision. The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of your request for IMR. If your Physician determines that the proposed therapy should begin promptly, you may request expedited review and the experts on the IMR panel will render a decision within seven days of your request. If the IMR panel recommends that Health Net cover the recommended or requested therapy, coverage for the services will be subject to the terms and conditions generally applicable to other benefits you are entitled to. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against Health Net regarding the denial of the recommended or requested therapy. For more information, please call the Customer Contact Center at the telephone number on your Health Net ID card.

Department of Managed Health Care

The California Department of Managed Health Care is responsible for regulating health care service plans. (Health Net is a health care service plan.)

If you have a grievance against Health Net, you should first telephone Health Net at **1-800-839-2172** and use our grievance process before contacting the Department. Utilizing

this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you.

If you need help with a grievance involving an Emergency, a grievance that has not been satisfactorily resolved by Health Net or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance.

You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for emergency or urgent medical services. The Department also has a toll-free telephone number (1-888-HMO-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The Department's Internet Web site <http://www.hmohelp.ca.gov> has complaint forms, IMR application forms and instructions online.

Binding Arbitration

Sometimes disputes or disagreements may arise between you (including your enrolled Family Members, heirs or personal representatives) and Health Net regarding the construction, interpretation, performance or breach of this Plan Contract or regarding other matters relating to or arising out of your Health Net membership. Typically such disputes are handled and resolved through the Health Net Grievance, Appeal and Independent Medical Review process described above, and you must attempt to resolve your dispute by utilizing that process before instituting arbitration. However, in the event that a dispute is not resolved in that process, Health Net uses binding arbitration as the final method for resolving all such disputes, whether stated in tort, contract or otherwise and whether or not other parties such as employer groups, health care providers or their agents or employees, are also involved. In addition, disputes with Health Net involving alleged professional liability or medical malpractice (that is, whether any medical services rendered were unnecessary or unauthorized or were improperly, negligently or incompetently rendered) also must be submitted to binding arbitration.

As a condition to becoming a Health Net Member, **you agree to submit all disputes you may have with Health Net to final and binding arbitration and you agree not to pursue any claims on a class action basis. Likewise, Health Net agrees to arbitrate all such disputes. This mutual agreement to arbitrate disputes means that both you and Health Net are bound to use bilateral binding arbitration as the final means of resolving disputes that may arise between the parties and thereby the parties agree to forego any right they may have to a jury trial on such disputes.** However, no remedies that otherwise would be available to either party in a court of law will be forfeited by virtue of this agreement to use and be bound by Health Net's binding arbitration process. This agreement to arbitrate shall be enforced even if a party to the arbitration is also involved in another action or proceeding with a third party arising out of the same matter.

Health Net's binding Arbitration process is conducted by mutually acceptable arbitrator(s) selected by the parties. The Federal Arbitration Act, 9 U.S.C. § 1, et seq., will govern arbitrations under this process. In the event that the total amount of damages claimed is \$200,000 or less, the parties shall, within 30 days of submission of the demand for Arbitration to Health Net, appoint a mutually acceptable single neutral arbitrator who shall hear and decide the case and have no jurisdiction to award more than \$200,000. In the event that total amount of damages is over \$200,000, the parties shall, within 30 days of submission of the demand for Arbitration to Health Net, appoint a mutually acceptable panel of three neutral arbitrators (unless the parties mutually agree to one arbitrator), who shall hear and decide the case.

If the parties fail to reach an agreement during this time frame, then either party may apply to the Court of Competent Jurisdiction for appointment of the arbitrator(s) to hear and decide the matter.

Arbitration can be initiated by submitting a demand for Arbitration to Health Net at the address provided below. The demand must have a clear statement of the facts, the relief sought and a dollar amount.

Health Net of California
Attention: Legal Department
P.O. Box 4504
Woodland Hills, CA 91365-4504

The arbitrator is required to follow applicable state or federal law. The arbitrator may interpret this *Plan Contract*, but will not have any power to change, modify or refuse to enforce any of its terms, nor will the arbitrator have the authority to make any award that would not be available in a court of law. At the conclusion of the arbitration, the arbitrator will issue a written opinion and award setting forth findings of fact and conclusions of law. The award will be final and binding on all parties except to the extent that State or Federal law provide for judicial review of Arbitration proceedings.

The parties will share equally the arbitrator's fees and expenses of administration involved in the arbitration. Each party also will be responsible for their own attorneys' fees. In cases of extreme hardship to a Member, Health Net may assume all or a portion of a Member's share of the fees and expenses of the Arbitration. Upon written notice by the Member requesting a hardship application, Health Net will forward the request to an independent professional dispute resolution organization for a determination. Such request for hardship should be submitted to the Legal Department at the address provided above.

Subsection-K

Involuntary Transfer to Another Primary Care Physician or Contracting Physician Group

Health Net may transfer you to another Primary Care Physician or contracting Physician Group under certain circumstances. The following are examples of circumstances that may result in involuntary transfer, as specified:

- **Refusal to Follow Treatment:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if you continually refuse to follow recommended treatment or established procedures of Health Net, the Primary Care Physician, or the Physician Group. Health Net will offer you the opportunity to develop an acceptable relationship with another Primary Care Physician at the Physician Group or at another Physician Group, if available. A transfer to another Physician Group will be at Health Net's discretion.
- **Disruptive or Threatening Behavior:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if you repeatedly disrupt the operations of the Physician Group or Health Net to the extent that the normal operations of either the Physician's office, the contracting Physician Group or Health Net are adversely impacted.
- **Abusive Behavior:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if you exhibit behavior that is abusive or threatening in nature toward the health care provider, his or her office staff, the contracting Physician Group or Health Net personnel.
- **Inadequate Geographic Access to Care:** You may be involuntarily transferred to an alternate Primary Care Physician or Physician Group if it is determined that your residence is not within reasonable access to your current Primary Care Physician.

Other circumstances for involuntary transfer to an alternative Primary Care Physician or Physician Group may exist where the treating Physician or Physicians have determined that there is an inability to continue to provide you care because the patient-physician relationship has been compromised to the extent that mutual trust and respect have been impacted. The treating Physicians and contracting Physician Group must always work within the code of ethics established through the American Medical Association (AMA). (For information on the AMA code of ethics, please refer to the American Medical Association website at <http://www.ama-assn.org>). Under the code of ethics, the Physician will provide you with notice prior to discontinuing as your treating Physician that will enable you to contact Health Net and make alternate care arrangements.

Health Net will conduct a fair investigation of the facts before any involuntary transfer for any of the above reasons is carried out.

Technology Assessment

New technologies are those procedures, drugs or devices that have recently been developed for the treatment of specific diseases or conditions or are new applications of existing procedures, drugs or devices. New technologies are considered Investigational or Experimental during various stages of clinical study as safety and effectiveness are evaluated and the technology achieves acceptance into the medical standard of care. The technologies may continue to be considered Investigational or Experimental if clinical study has not shown safety or effectiveness or if they are not considered standard care by the appropriate medical specialty. Approved technologies are integrated into Health Net benefits.

Health Net determines whether new technologies should be considered medically appropriate, or Investigational or Experimental, following extensive review of medical research by appropriately specialized Physicians. Health Net requests review of new technologies by an independent, expert medical reviewer in order to determine medical appropriateness or Investigational or Experimental status of a technology or procedure.

The expert medical reviewer also advises Health Net when patients require quick determinations of coverage, when there is no guiding principle for certain technologies or when the complexity of a patient's medical condition requires expert evaluation. If Health Net denies, modifies or delays coverage for your requested treatment on the basis that it is Experimental or Investigational, you may request an independent medical review (IMR) of Health Net's decision from the Department of Managed Health Care. Please refer to the "Independent Medical Review of Grievances Involving a Disputed Health Care Service" above in this "General Provisions" section for additional details.

Medical Malpractice Disputes

Health Net and the health care providers that provide services to you through this Plan are each responsible for their own acts or omissions and are ordinarily not liable for the acts or omissions or costs of defending others.

Recovery of Benefits Paid by Health Net

WHEN YOU ARE INJURED

If you are ever injured through the actions of another person or yourself (responsible party), Health Net will provide benefits for all covered services that you receive through this plan. However, if you receive money or are entitled to receive money because of your injuries, whether through a settlement, judgment or any other payment associated with your injuries, Health Net or the medical providers retain the right to recover the value of any services provided to you through this Plan.

As used throughout this provision, the term responsible party means any party actually or potentially responsible for making any payment to a Member due to a Member's injury, illness or condition. The term responsible party includes the liability insurer of such party or any insurance coverage.

Some examples of how you could be injured through the actions of a responsible party are:

- You are in a car accident; or
- You slip and fall in a store.

Health Net's rights of recovery apply to any and all recoveries made by you or on your behalf from the following sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of a third party;
- Uninsured or underinsured motorist coverage;
- Personal injury protection, no fault or any other first party coverage;
- Workers Compensation or Disability award or settlement;

- Medical payments coverage under any automobile policy, premises or homeowners' insurance coverage, umbrella coverage; and
- Any other payments from any other source received as compensation for the responsible party's actions.

By accepting benefits under this Plan, you acknowledge that Health Net has a right of reimbursement that attaches when this Plan has paid for health care benefits for expenses incurred due to the actions of a responsible party and you or your representative recovers or is entitled to recover any amounts from a responsible party.

Under California law, Health Net's legal right to reimbursement creates a health care lien on any recovery.

By accepting benefits under this plan, you also grant Health Net an assignment of your right to recover medical expenses from any medical payment coverage available to the extent of the full cost of all covered services provided by the Plan and you specifically direct such medical payments carriers to directly reimburse the Plan on your behalf.

STEPS YOU MUST TAKE

If you are injured because of a responsible party, you must cooperate with Health Net's and the medical providers' efforts to obtain reimbursement, including:

- Telling Health Net and the medical providers the name and address of the responsible party, if you know it, the name and address of your lawyer, if you are using a lawyer, the name and address of any insurance company involved with your injuries and describing how the injuries were caused;
- Completing any paperwork that Health Net or the medical providers may reasonably require to assist in enforcing the lien;
- Promptly responding to inquiries from the lienholders about the status of the case and any settlement discussions;
- Notifying the lienholders immediately upon you or your lawyer receiving any money from the responsible parties, any insurance companies, or any other source;
- Pay the health care lien from any recovery, settlement or judgment, or other source of compensation and all reimbursement due Health Net for the full cost of benefits paid under the Plan that are associated with injuries through a responsible party regardless of whether specifically identified as recovery for medical expenses and regardless of whether you are made whole or fully compensated for your loss;
- Do nothing to prejudice Health Net's rights as set forth above. This includes, but is not limited to, refraining from any attempts to reduce or exclude from settlement or recovery, the full cost of all benefits paid by the plan; and
- Hold any money that you or your lawyer receive from the responsible parties, or from any other source, in trust and reimbursing Health Net and the medical providers for the amount of the lien as soon as you are paid.

HOW THE AMOUNT OF YOUR REIMBURSEMENT IS DETERMINED

The following section is not applicable to Workers' Compensation liens and may not apply to certain ERISA plans, hospital liens, Medicare plans and certain other programs and may be modified by written agreement.*

Your reimbursement to Health Net or the medical provider under this lien is based on the value of the services you receive and the costs of perfecting this lien. For purposes of determining the lien amount, the value of the services depends on how the provider was paid and, as summarized below, will be calculated in accordance with California Civil Code, Section 3040, or as permitted by law.

- The amount of the reimbursement that you owe Health Net or the Physician Group will be reduced by the percentage that your recovery is reduced if a judge, jury or arbitrator determines that you were responsible for some portion of your injuries.
- The amount of the reimbursement that you owe Health Net or the Physician Group will also be reduced a pro rata share for any legal fees or costs that you paid from the money you received.

- The amount that you will be required to reimburse Health Net or the Physician Group for services you receive under this Plan will not exceed one-third of the money that you receive if you do engage a lawyer or one-half of the money you receive if you do not engage a lawyer.

*Reimbursement related to Workers' Compensation benefits, ERISA plans, hospital liens, Medicare and other programs not covered by California Civil Code, Section 3040 will be determined in accordance with the provisions of this Evidence of Coverage and applicable law.

Subsection-O

Surrogacy Arrangements

A Surrogacy Arrangement is an arrangement in which a woman agrees to become pregnant and to carry the child for another person or persons who intend to raise the child.

Your Responsibility for Payment to Health Net

If you enter into a surrogacy arrangement, you must pay us for covered services and supplies you receive related to conception, pregnancy, or delivery in connection with that arrangement ("Surrogacy Health Services"), except that the amount you must pay will not exceed the payments you and/or any of your family members are entitled to receive under the surrogacy arrangement. You also agree to pay us for the covered services and supplies that any child born pursuant to the surrogacy arrangement receives at the time of birth or in the initial Hospital stay, *except* that if you provide proof of valid insurance coverage for the child in advance of delivery or if the intended parents make payment arrangements acceptable to Health Net in advance of delivery, you will not be responsible for the payment of the child's medical expenses.

Assignment of Your Surrogacy Payments

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or your chosen payee under the surrogacy arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and/or any escrow account or trust established to hold those payments. Those payments shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Duty to Cooperate

Within 30 days after entering into a surrogacy arrangement, you must send written notice of the arrangement, including the names and addresses of the other parties to the arrangement to include any escrow agent or trustee, and a copy of any contracts or other documents explaining the arrangement as well as the account number for any escrow account or trust, to:

Surrogacy Third Party Liability - Product Support
The Rawlings Company
One Eden Parkway
LaGrange, KY 40031-8100

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Arrangements" provision and/or to determine the existence of (or accounting for funds contained in) any escrow account or trust established pursuant to your surrogacy arrangement and to satisfy Health Net's rights.

You must do nothing to prejudice the health plan's recovery rights. You must also provide us the contact and insurance information for the persons who intend to raise the child and whose insurance will cover the child at birth.

You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent. If your estate, parent, guardian, or conservator asserts a claim against a third party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

Relationship of Parties

Contracting Physician Groups, Member Physicians, Hospitals and other health care providers are not agents or employees of Health Net.

Health Net and its employees are not the agents or employees of any Physician Group, Member Physician, Hospital or other health care provider.

All of the parties are independent contractors and contract with each other to provide you the covered services or supplies of this Plan.

The Members are not liable for any acts or omissions of Health Net, its agents or employees or of Physician Groups, any Physician or Hospital or any other person or organization with which Health Net has arranged or will arrange to provide the covered services and supplies of this Plan.

Provider/Patient Relationship

Member Physicians maintain a doctor-patient relationship with the Member and are solely responsible for providing professional medical services. Hospitals maintain a Hospital-patient relationship with the Member and are solely responsible for providing Hospital services.

Liability for Charges

While it is not likely, it is possible that Health Net may be unable to pay a Health Net provider. If this happens, the provider has contractually agreed not to seek payment from the Member.

However, this provision only applies to providers who have contracted with Health Net. You may be held liable for the cost of services or supplies received from a noncontracting provider if Health Net does not pay that provider.

This provision does not affect your obligation to pay any required Copayment or to pay for services and supplies that this Plan does not cover.

Prescription Drug Liability

Health Net will not be liable for any claim or demand as a result of damages connected with the manufacturing, compounding, dispensing or use of any Prescription Drug this Plan covers.

Continuity of Care Upon Termination of Provider Contract

If Health Net's contract with a Physician Group or other provider is terminated, Health Net will transfer any affected Members to another contracting Physician Group or provider and make every effort to ensure continuity of care. At least 60-days prior to termination of a contract with a Physician Group or acute care Hospital to which Members are assigned for services, Health Net will provide a written notice to affected Members. For all other hospitals that terminate their contract with Health Net, a written notice will be provided to affected Members within 5 days after the effective date of the contract termination.

In addition, a Member may request continued care from a terminated provider whose contract is terminated if at the time of termination the Member was receiving care from such a provider for:

- An Acute Condition
- A Serious Chronic Condition not to exceed twelve months from the contract termination date
- A pregnancy (including the duration of the pregnancy and immediate postpartum care)
- A newborn up to 36 months of age, not to exceed twelve months from the contract termination date
- A Terminal Illness (for the duration of the Terminal Illness)
- A surgery or other procedure that has been authorized by Health Net as part of a documented course of treatment

For definitions of Acute Condition, Serious Chronic Condition and Terminal Illness see the "Definitions" section of this Plan Contract.

Health Net may provide coverage for completion of services from a provider whose contract has been terminated, subject to applicable Copayments and any other exclusions and limitations of this Plan and if such provider is willing to accept the same contract terms applicable to the provider prior to the provider's contract termination. You must request continued care within 30 days of the provider's date of termination, unless you can show that it was not reasonably possible to make the request within 30 days of the provider's date of termination and you make the request as soon as reasonably possible.

To request continued care, you will need to complete a Continuity of Care Assistance Request Form. If you would like more information on how to request continued care or request a copy of the Continuity of Care Assistance Request Form or of our continuity of care policy, please contact the Customer Contact Center at the telephone number on your Health Net ID card.

Contracting Administrators

Health Net may designate or replace any contracting administrator that provides the covered services and supplies of this Plan. If Health Net designates or replaces any administrator and as a result procedures change, Health Net will inform you.

Any administrator designated by Health Net is an independent contractor and not an employee or agent of Health Net, unless otherwise specified in this Plan Contract.

Decision-Making Authority

Health Net has discretionary authority to interpret the benefits of this Plan and to determine when services are covered by the Plan.

MISCELLANEOUS PROVISIONS (SECTION 1000)

Subsection-A

Cash Benefits

Health Net, in its role as a health maintenance organization, generally provides all covered services and supplies through a network of Physician Groups. Your Physician Group performs or authorizes all care and you will not have to file claims.

There is an exception when you receive covered Emergency Care or Urgently Needed Care from a provider who does not have a contract with Health Net.

When cash benefits are due, Health Net will reimburse you for the amount you paid for services or supplies, less any applicable Copayment. If you signed an assignment of benefits and the provider presents it to us, we will send the payment to the provider. You must provide proof of any amounts that you have paid.

If a parent who has custody of a child submits a claim for cash benefits on behalf of the child who is subject to a Medical Child Support Order, Health Net will send the payment to the Custodial Parent.

Subsection-B

Benefits Not Transferable

No person other than a properly enrolled Member is entitled to receive the benefits of this Plan. Your right to benefits is not transferable to any other person or entity.

If you use benefits fraudulently, your coverage will be canceled. Health Net has the right to take appropriate legal action.

Subsection-D

Health Care Plan Fraud

Health care plan fraud is defined as a deception or misrepresentation by a provider, Member, employer or any person acting on their behalf. It is a felony that can be prosecuted. Any person who willfully and knowingly engages in an activity intended to defraud the health care plan by filing a claim that contains a false or deceptive statement is guilty of insurance fraud.

If circumstances beyond Health Net's control result in your not being able to obtain the Medically Necessary covered services or supplies of this Plan, Health Net will make a good faith effort to provide or arrange for those services or supplies within the remaining availability of its facilities or personnel. In the case of an Emergency, go to the nearest doctor or Hospital. See the "Emergency and Urgently Needed Care" section under "Introduction to Health Net," Section 300.
