# 1 Find Doctors and Facilities in Your Network

*When you need to access care, your Ambetter PPO plan uses providers from the **Ambetter PPO Individual & Family Plan network**. These include doctors, specialists and hospitals.*

With Ambetter PPO, you have the freedom to use out-of-network providers. But, you'll often pay less out of pocket when you use in-network providers.

To find providers, visit  
[www.myhealthnetca.com](http://www.myhealthnetca.com) and click on  
*Find a Provider.*

## Your primary doctor, also known as a primary care physician

Every member has a doctor who is their Primary Care Physician (PCP or primary doctor). Your PCP helps you stay healthy and takes care of you when you are sick. If you need to see a specialist, your PCP can help guide you, but you do not need a referral from your PCP to see a specialist.

You may have picked a PCP when you enrolled. If you did not, one was assigned to you from the Ambetter PPO network. Your PCP's name is listed on your Health Net member ID card. If you want to change your PCP, log in to your member account at [myhealthnetca.com](http://myhealthnetca.com) (see page 2), then go to *Select/Change PCP*.

**Don't forget to select specialists from the Ambetter PPO Individual & Family Plan network.**

## 2 Set Up Your Online Member Account

*This site is here to help you understand and manage your Ambetter from Health Net plan.*

To set up your account, go to **www.myhealthnetca.com** and follow the instructions to register/create an account. You will need your member ID number or your Social Security number to register. Once your account is set up and your health coverage begins, you can:

- Print a temporary ID card or order a new card.
- Pay your bill.
- Find a doctor, urgent care or hospital in your network.
- Change your primary doctor/PCP.
- Review your health plan and pharmacy benefits.
- Find programs to help you manage weight or stop smoking.
- And more.

---

## 3 Get your Member ID Card

*All new members will get a Health Net member ID card in the mail.*

Your ID card includes:

- **Your member ID #.**
- **Starting date of your health coverage.**
- **Your PCP name and contact info.**

Show this card to your provider when you get services. If you have not received your ID card by your effective date and you need services, please call the Customer Contact Center:

- **Call 888-926-4988 (TTY: 711) if you enrolled through Covered California.™**
- **Call 800-839-2172 (TTY: 711) if you enrolled directly with Health Net.**

## Learn Where to Get Care

*Your plan offers a variety of ways to get the care you need, when you need it.*

### At a doctor's office

### At home

### In a clinic

#### Your primary doctor

Go to your primary doctor (also called your primary care physician or PCP) for routine and preventive care. This includes annual wellness exams, illness, vaccinations, and general medical care.

**Your primary doctor's name and number are on your Health Net ID card.**

#### Other in-network providers

Get care from other doctors, specialists or providers (like urgent care or hospitals) in your network. You don't need a referral from your primary doctor.

**To find providers in the Ambetter PPO network, visit [myhealthnetca.com](http://myhealthnetca.com) and click on *Find a Provider*.**

#### MHN network providers

Get mental health services like:

- Counseling
- Psychotherapy
- Treatment for addiction
- Psychiatric services

You don't need a referral from your primary doctor. And, you can check to see if you can obtain your sessions by phone or videochat. **Find a therapist or psychiatrist at [www.mhn.com/members.html](http://www.mhn.com/members.html), or call the Mental Health Benefits number listed on your Health Net ID card.**

#### Telehealth

See if your Ambetter PPO doctor offers telehealth services. Telehealth services through your doctor are subject to the same copayments as if the service was delivered in person.

You can also use Babylon App for phone or online video consults with a telehealth doctor or therapist. Ideal when you can't meet with your primary doctor or their office is closed.<sup>1,2</sup>

**Download the Babylon app in the Apple App Store or Google Play. Use member code: HNCOM**

#### 24/7 Nurse advice line

Get advice from a registered nurse on whether to seek medical care or how to care for illness and injury at home, like self-care for minor injuries and illness like fevers and the flu.<sup>1</sup>

**Call 800-893-5597 (TTY: 711)**

#### Walk-in retail clinics

Go to a walk-in retail clinic, such as MinuteClinics (found in select CVS Pharmacy stores), when you need care for common illnesses.<sup>1</sup>

**Visit [www.cvs.com/minuteclinic](http://www.cvs.com/minuteclinic) to search for locations near you.**

#### Urgent care centers

Get same-day care for non-emergency illnesses or injuries.<sup>1</sup> Some urgent care centers now offer **X-rays and lab tests**, too.

**To find an urgent care center in your Ambetter PPO network, visit [myhealthnetca.com](http://myhealthnetca.com) and click on *Find a Provider*.**

**You are in the Ambetter PPO Individual & Family Plan network.**

<sup>1</sup>Go straight to the nearest emergency room or call 911 if you have an emergency.

<sup>2</sup>You may receive services on an in-person basis or via telehealth, if available, from your primary care provider, a treating specialist or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with the service and existing timeliness and geographic access standards required under California law. Any cost share for services received through Babylon will accrue toward your out-of-pocket maximum and deductible (if your plan has a deductible). By scheduling through Babylon, you consent to receive services via telehealth through Babylon. See your health plan coverage document for coverage information and for the definition of telehealth services. You have a right to access your medical records for services received through Babylon. Unless you choose otherwise, any services provided through Babylon shall be shared with your primary care provider.

# Understand Your Costs and Benefits

*If you want to keep your costs as low as possible, choose doctors and specialists from the Ambetter PPO network. You are free to see providers that aren't in your network. But, they may charge more than Health Net will pay.*

You may have to pay the difference between what the out-of-network provider charges, and what Health Net pays. This is called balance billing. Balance billing amounts are not covered by your plan.

## See an example of how it works.

**Joe sees a specialist who is not in his network**

**The specialist charges \$1500. Health Net pays \$700. Joe may get a bill for the remaining \$800.**

## Other good things to know:

- Balance billing amounts won't apply to your calendar year deductible or your out-of-pocket maximum.
- You pay these costs in addition to your deductible, copays, coinsurance and your monthly premium.
- You cannot be balanced billed for emergency room services at the hospital or emergency department.

## Review your coverage

Your Welcome Kit includes details about your share of costs in your plan.

**You can also find your Summary of Benefits and Coverage (SBC) document online:**

1. Go to **myhealthnetca.com**
2. Go to *Our Health Plans*
3. Select *Plan Materials*

## Estimate costs and compare care options

Our cost estimator tool lets you compare estimated costs. With this tool you can **compare estimated costs to find the best prices**. Get estimated average costs for hospital stays, surgeries, X-rays and more.

### To use the tool:

1. Log in to your member account at **myhealthnetca.com**
2. Click on *Coverage*
3. Click on *Cost and Care Options*
4. Then click on *Launch Cost Estimator*

**If your doctor refers you to a specialist, make sure the provider is in your network to avoid balance billing.**

# 5 Fill Your Prescriptions

*When your doctor prescribes you medicine (drugs) there are a few things you need to know.*

## Use pharmacies in the network

You must find and use a pharmacy in Health Net's Advanced Choice Network in order for your prescription to be covered.

To find a pharmacy in your area:

1. Go to [myhealthnetca.com](https://myhealthnetca.com)
2. Select *Pharmacy Information*, then *Find a Pharmacy*
3. Select *Advanced Choice Network*

## Refer to the Essential RX Drug List

Health Net's Essential Rx Drug List (or formulary) is a list of covered drugs selected by Health Net, along with a team of health care providers. These drugs are included because they are believed to be a key part of a quality treatment plan. The drug lists are updated regularly and may change.

The Essential RX Drug List can be found at [myhealthnetca.com](https://myhealthnetca.com) under the Pharmacy Information section. Please note, your doctor should get prior approval from Health Net before prescribing some drugs. Then, use pharmacies in your health plan's network – Advanced Choice Pharmacy Network.

**Ask your doctor about generic drugs that may work for you.** Generic drugs are proven to be safe, effective, and typically cost less than brand-name drugs.

**If you take medicine for a long-term medical condition, you may be able to fill your prescription through our mail order pharmacy program. A 90-day supply is available. Some drugs may not be available through the mail order pharmacy program.**

*For more detailed information about prescription drugs, see the Plan Contract and EOC in this welcome packet.*
