The Value of Health Coverage

You may wonder if there have been any changes in the law that may impact you and your family. You may also wonder why you need health care coverage. Here are some things you should know.

How the rules impact you in California

For 2025 the following information applies:

- California requires individuals to have health insurance or pay a state tax penalty.
- You may be able to get help paying your premium. Premium assistance through California and the federal government is available based on your family household income. Financial help is only available when you buy health coverage through Covered California.
- All individual and family plans must offer coverage for 10 essential health benefits. These include maternity care, mental health, hospitalization, pediatric dental and more.

Coverage gives you peace of mind

Did you know a three-day hospital stay can cost as much as \$30,000?¹ Costs like these are what make buying health coverage worth your hard-earned money. Health coverage helps you:

- Pay for major medical costs if you get sick or hurt. Costs related to an accident or illness can quickly add up. And cost is the last thing you want to worry about if an emergency comes up.
- Stay healthy with checkups, vaccines and health screenings. It also helps cover the cost of prescription drugs and expenses related to managing chronic illness.

Choose the peace of mind that comes with having health coverage!

2025 Enrollment Period

Your enrollment checklist

Do the doctors, specialists and providers in the plan network fit your health needs?

Are the plan's deductible, copay and coinsurance amounts right for your budget?

Do you qualify to get premium assistance?

You can sign up for new health coverage or change your existing health coverage for 2025.

Enrollment begins: November 1, 2024.

Enrollment ends: January 31, 2025.

Some key dates to keep in mind:

- For health coverage to start immediately on January 1, enroll by December 31. You must make your first premium payment before your coverage can start.
- Last day to enroll for coverage in 2025 is January 31. Enroll by January 31 for your health coverage to start February 1. After that, you can enroll only if you qualify for a special event.

Some examples of events that qualify you to enroll after January 31 are:

- Losing a job that provided coverage.
- Having a major income change.
- Having or adopting a baby.
- Getting married or divorced.
- Moving outside a service area.

Ways to Enroll

When you're ready to sign up for Health Net coverage, we're here to help make it easy!

- Call our Health Net sales team at **877-609-8711**.
- Go to **www.CoveredCA.com**.
- **Visit** your local broker or a Covered California certified enrollment counselor.

Rules for 2025

For 2025, Californians must have health care coverage or pay a penalty. You'll pay the penalty when you file your state taxes. To avoid paying the state penalty, individuals may qualify for an exemption.

You can learn about exemptions and confirm the penalty for the 2025 tax year at www.coveredca.com/individuals-and-families/getting-covered/penalty-and-exemptions.

Find Your Costs and Coverage Levels

There are two kinds of costs that come with having health coverage:

Monthly premium

This is what you pay to keep your health coverage current. You pay it directly to Health Net. You pay it monthly, whether or not you use services.

Copayment or coinsurance

This is the amount you pay when you use health services, called out-of-pocket costs. You pay it directly to the doctor, pharmacy or other provider (e.g., lab, hospital).

Some health plans have a deductible.

This is the amount you owe for some covered health care services before your health plan begins to pay for those services. After you pay your deductible, covered services are still subject to other cost sharing like copayments and coinsurance.

Find the right level of coverage

Choosing the right plan depends on your health care needs. It also depends on your budget and lifestyle. There is a trade-off between the price of your monthly premium and the amount you pay when you need medical care.

Higher monthly premium

+

Lower out-of-pocket costs

or

Lower monthly premium

+

Higher out-of-pocket costs

Here are two examples

David is in his early 50s and sees the doctor often for high blood pressure. He has had a couple of surgeries and may need another.

David chooses a plan with a higher monthly premium payment.

His plan also covers more of the out-of-pocket costs of the services he uses, which means he will likely pay less for each doctor visit or treatment.

Gloria is 27 and rarely ill. She wants a health plan that keeps her covered but costs her less. **Gloria picks a plan with a lower monthly premium payment. She knows it will cost more to see a doctor, but she plans to put money aside in case she has an unexpected health expense.**

Important tip: Check out the Health Care Definitions on page 11 if you are confused about a health care word.

Financial Help through Covered California

The government offers financial help for health coverage to people who qualify. There are two types of help:

Premium assistance

for people who qualify lowers the cost you pay every month for health care coverage.

Cost-sharing reductions

available on Enhanced Silver plans lower what you pay for services like doctor visits and have no in-network deductibles.

You can find out what premium you will pay based on your age, ZIP code, income, and the number of people in your family.

Call Health Net at **877-609-8711**, and we will help you find the coverage level that fits you best.

You can also use Covered California's online Shop and Compare tool at **www.CoveredCA.com** to do this.

- Both kinds of help are based on your annual household income and family size.
- Premium assistance is available, if you qualify, for all plans except Minimum Coverage plans.
- Cost-sharing reductions are available with silver level plans that are called Enhanced Silver plans.
- You have to buy health coverage through Covered California to get premium assistance and/or cost-sharing reductions.

Here is an example

Alina is 40 years old and buying health care for herself and her three kids. Because she makes about \$45,000 a year, she qualifies for both premium assistance and cost-sharing reductions.

First, premium assistance will lower the amount she has to pay each month for coverage. The premium assistance is available no matter what metal level plan she chooses.

Second, she can get an Enhanced Silver plan that lowers the amount she pays for doctor visits and other services.

For example, Alina's copayment for a doctor visit might be \$15 instead of \$50.

With three kids, Alina's family sees the doctor fairly often. So Alina decides that an Enhanced Silver-level plan is right for her.

The Benefits of Health Net

Health Net gives you a choice of health plans – and a whole lot more.

Take care with Health Net

When you choose Health Net, you can count on:

- Doctor visits when you need care
- Flu shots. Mammograms. Vaccines for kids
- Medical advice any time of day or night and on weekends

Health & Wellness Programs

As a member, you and your covered dependents have access to these wellness programs and more through current enrollment with Health Net.

Craving to Quit® (Tobacco cessation program)

This program covers most types of tobacco, lets you talk with a quit coach for encouragement and support, and offers a personalized plan to quit. The innovative 21-day program teaches awareness of cravings and habits to help participants quit smoking, dipping or vaping.

Make Healthy Choices and Get Rewarded

Our My Health Pays® program is available to Ambetter from Health Net members. It's a rewards program that pays you for the healthy decisions you're most likely already making each and every day. Did your annual wellness screening? You get points for that. Learning new ways to be healthy? You get points for that, too. Earn and be rewarded!

The Active&Fit Direct™ program

Gym or home? Stay active either way. With the Active&Fit Direct™ program,¹ you'll have access to:

- Thousands of fitness centers, studios and workout videos
- One-on-one coaching for fitness, stress, sleep and more!

¹There is a 2-month commitment required. The Active&Fit Direct Program is provided by American Specialty Health Fitness, Inc., a subsidiary of American Specialty Health Incorporated (ASH). ASH reserves the right to modify any aspect of the Active&Fit Program (including, without limitation, the Enrollment Fee, the Monthly Fee, and/or the Introductory Period) at any time by amending these Terms and Conditions. If ASH modifies a fee or makes a material change to the Program, ASH will provide you with no less than 30 days' notice prior to the effective date of the change. ASH may discontinue the Program entirely at any time upon advance written notice. The Active&Fit logo is a trademark of ASH and used with permission herein.

Learn Where to Get Care

Our plans offer a variety of ways to get the care you need, when you need it.

At a doctor's office

Your primary doctor

Go to your primary doctor (also called your primary care physician or PCP) for routine and preventive care. This includes annual wellness exams, illness, vaccinations, and general medical care.

Other in-network providers

Get care from other doctors, specialists or providers (like urgent care or hospitals) in your network.¹ *You don't need a referral from your primary doctor.*

To find providers in the Ambetter PPO network, visit www.myhealthnetca.com and click on *Find a Doctor*.

Behavioral Health Providers

Get mental health services like:

- Counseling
- Psychotherapy
- Treatment for addiction
- Psychiatric services

You don't need a referral from your primary doctor. And, you can check to see if you can obtain your sessions by phone or videochat.

At home

Telehealth

See if your doctor offers telehealth services. Telehealth services through your doctor are subject to the same copayments as if the service was delivered in person. This is ideal when you can't meet with your primary doctor, or their office is closed.¹

Teladoc Virtual Visits

Teladoc Health (Teladoc) offers virtual health care that's convenient, with confidential access to quality U.S. board certified doctors. Teladoc is an option when you can't see your regular doctor **You can book appointments through the Teladoc app, website or by calling 800-TELADOC (835-2362).**^{1,2}

24/7 Nurse advice line

Get advice from a registered nurse on whether to seek medical care or how to care for illness and injury at home, like self-care for minor injuries and illness like fevers and the flu.¹

In a clinic

Urgent care centers

Get same-day care for non-emergency illnesses or injuries.¹ Some urgent care centers now offer X-rays and lab tests, too.

¹Go straight to the nearest emergency room or call 911 if you have an emergency

²You may receive services on an in-person basis or via telehealth, if available, from your primary care provider, a treating specialist or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with the service and existing timeliness and geographic access standards required under California law. Any cost share for services received through Teladoc will accrue toward your out-of-pocket maximum and deductible (if your plan has a deductible). By scheduling through Teladoc, you consent to receive services via telehealth through Teladoc. See your health plan coverage document for coverage information and for the definition of telehealth services. You have a right to access your medical records for services received through Teladoc. Unless you choose otherwise, any services provided through Teladoc shall be shared with your primary care provider

Important tip: To keep your costs as low as possible, go to doctors and specialists in the Ambetter PPO network. Doctors who aren't in your network may charge more than Health Net will pay. You may have to pay the difference between what the out-of-network doctor charges and what Health Net pays. This is called **balance billing**. You pay these costs in addition to your deductible, copays, coinsurance and your monthly premium. And, **balance billing amounts are not covered by your plan and won't apply to your annual deductible or your out-of-pocket maximum**. Except for urgent care and emergency care, services and supplies provided by providers outside of California are not covered.

Ambetter PPO Plans

THROUGH COVERED CALIFORNIA

An Ambetter PPO is the right plan for you if freedom of choice at an affordable cost matters.

You select a primary care physician (PCP or primary doctor) from the Ambetter PPO network. Your PCP helps guide your care. With this plan, you can choose to get care from specialists in the network and you don't need a referral from your PCP. To be sure this plan is a fit for you, review the providers available in the Ambetter PPO provider network.

For prescription medicine, you can go to any pharmacy in the Ambetter Pharmacy Network. It includes CVS Pharmacy, Safeway, Costco, Vons, and others.

Ambetter PPO plans – Your share of costs

The amounts shown here are what you would pay for the services you use with each plan. With Gold 80 Ambetter PPO, for example, your cost for a doctor office visit is \$35.

Reminder! Your share of costs is in addition to the monthly premium you pay for your health coverage.

This is a summary only. The Ambetter PPO disclosure has plan overviews with more details about what services are covered with our Ambetter PPO plans. Pediatric dental and vision services are covered until the last day of the month in which the child turns age 19.

¹Minimum coverage plans are available to individuals who are under age 30. You may also be eligible for this plan if you are age 30 or older and are exempt from the federal requirement to maintain minimum essential coverage. Once you are enrolled, you must re-apply for a hardship exemption from the Marketplace and re-submit the Marketplace notice showing your exemption certificate number to Health Net every year – by January 1 – in order to remain on this plan.

²Your deductible does not apply to these services.

³The first three visits are not subject to the deductible. You just pay the copayment. For visits 4 and more, you pay the full cost until you have paid your deductible.

⁴Should not replace regular doctor visits. Only telehealth services provided by a select telehealth services provider are covered at the copays shown. Covered services for medical, mental disorders and chemical dependency conditions provided appropriately as telehealth services through a regular doctor are covered on the same basis and to the same extent as covered services delivered in-person.

⁵You do not pay the copayment if you are admitted to the hospital.

⁶Your medical deductible applies to prescription drugs for all tiers.

Ambetter PPO Enhanced Silver plans – Your share of costs

Beginning in January 2025, all individuals who are eligible to enroll for health coverage through Covered California can choose a cost-share reduction/Enhanced Silver plan. Instead of paying \$50 to visit the doctor, the cost could be as low as \$5. The Enhanced Silver plan that you qualify for will depend on your income. Check with Health Net to see which Enhanced Silver plan you qualify for.

Health Care Definitions

Health coverage comes with its own language. Use our mini-glossary as you read this guide to learn more about your plan choices.

Balance billing

The difference between what the doctor charges and the amount the health plan pays. For example, if the doctor charges \$250 and your plan covers \$100, you pay the \$150 difference.

Balance billing usually applies only to plans that offer out-of-network coverage. Example: PPO plans.

Benefits (also called covered services)

The health care services that are covered by your health plan, such as office visits, X-rays, preventive care, laboratory tests, etc.

Coinsurance

Your share of the costs of a covered health care service. It is calculated as a percentage. Let's say the coinsurance is 20% and the medical bill is \$100. You might pay \$20, and the health plan would pay the rest.

Copayment (also called copay)

Your share of the costs of a covered health care service, set at a fixed amount. For a doctor visit that might cost \$150, you would pay \$15, and the health plan pays the rest. Copayments vary by plan.

Cost-sharing

The amount of money you pay out of your own pocket for services covered by your health plan. Deductibles, coinsurance and copayments are examples of cost-sharing.

Deductible

The amount you owe for some covered health care services before your health plan begins to pay for certain services. After you pay your deductible, covered services are still subject to other cost sharing like copayments and coinsurance.

For example, if your deductible is \$1,000, you have to pay for the health care services you use up to this amount. The deductible may not apply to all services.

Dependents

Spouse, domestic partner, children or parent/stepparent of the primary member.

Excluded services

Health care services that your health coverage doesn't pay for or cover.

Formulary

The list of prescription drugs that are covered by your health plan. Some drugs on the Essential Drug List require prior authorization from Health Net in order to be covered.

Member

The person who receives benefits under the plan.

Network

The doctors, hospitals and other health care providers that your health plan has contracted with to provide health care services. The number of providers in the network varies by plan.

Out-of-pocket maximum

The most you pay during a policy period (usually a calendar year). After you pay the out-of-pocket maximum, your health plan will begin to pay 100% of the allowed amount for covered services. This limit never includes your premium or health care charges for services your health plan doesn't cover.

Premium

The amount you pay every month to maintain your health care coverage.

Preventive care

Routine health care that includes screenings, checkups and patient counseling to prevent illnesses, diseases or other health problems.

Primary care physician (PCP)

A doctor who gives or coordinates health care services for a patient. A PCP can be a medical doctor (M.D.) or Doctor of Osteopathic Medicine (D.O.).

Subscriber

The name of the primary member.

Telehealth

Health care services provided remotely by phone, mobile app, web, or other tool rather than in-person.
