Maintenance Choice® Program

FLEXIBILITY AND COST SAVINGS ALL IN ONE

As a Health Net member, you can save time, hassle and costs by using the Maintenance Choice program.

Two options – one choice for convenience!

The Maintenance Choice program gives you two options for filling and refilling your three-month maintenance prescriptions:

1. At a CVS Pharmacy
   - Advantages of a CVS Pharmacy retail location:
     • Pick up your medications directly from the pharmacy at a time that is convenient for you.
     • Same-day prescription availability.
     • Talk face to face with a pharmacist.

2. Through the CVS Caremark Mail Service Pharmacy
   - Advantages of the CVS Caremark Mail Service Pharmacy:
     • Convenient home delivery.
     • Receive your medications in confidential, tamper-resistant and (when necessary) temperature-controlled packaging.
     • Have questions? Talk to a pharmacist by phone.

With both options, you receive up to a three-month supply of your maintenance medications, usually at a lower cost than if you filled three 30-day prescriptions at a retail pharmacy.

(continued)

1Not all plans offer Maintenance Choice; please check your plan documents to see which programs are available to you.
2Actual quantity may vary depending on your plan.
3For either option, you may be responsible for a copayment. Please review the prescription details of your health plan for copayment information.
What is a maintenance medication?
A maintenance medication is a prescription drug taken continuously to manage chronic or long-term conditions, such as high blood pressure, asthma, diabetes, or high cholesterol, and when dosage adjustments are either no longer required or made infrequently.

Non-maintenance medications include:

- Antibiotics that treat infections.
- Drugs used for pain and/or acute medical conditions.
- Drugs not taken chronically on an ongoing basis.
- Drugs that have a specified course of therapy.
- Drugs for which the physician must occasionally adjust the dose for a patient.

What is the benefit of this program?
Using mail service or obtaining your maintenance medications from a CVS Pharmacy allows you to fill up to a three-month supply, usually at a reduced copayment, ultimately minimizing your out-of-pocket costs. You’ll enjoy the ease and convenience of mail service, or pick up your medications at a time that is convenient for you at a CVS Pharmacy.
